Nationwide Problem

Critical Teacher Shortage Bared

NEW YORK (AP) — With school opening only days away in most parts of the United States, administrators were still desperately seeking to hire thousands of teachers today.

A nationwide shortage of qualified instructors was disclosed by an Associated Press survey. The shortage was the worst in history in some states, including Wisconsin, Missouri, North Carolina, Illinois and New York.

Among other states with disturbing numbers of vacancies were Michigan, California, Pennsylvania, Georgia, Montana, Kentucky, Maine, Rhode Island, Maryland, Minnesota, Nebraska and Oklahoma.

"I just don't know how some districts are going to open school," said Miss May Regan, teacher placement officer for the Vermont Education Department.

Teachers of science, mathematics and languages seemed to be in short supply everywhere. In many areas, the critical pinch was in the elementary schools, particularly the lower grades.

Mainly blamed for the shortages were:

- Rising enrollments.
- The drafting of teachers or recently graduated teacher-trainees into the Armed Forces.
- Widespread recruitment for federal "Head Start" and other training programs.
- Competition from industries for college graduates.

States with low teaching salary levels reported personnel losses to nearby states which pay more. In some states, better-paying big city school systems were said to be raiding smaller communities.

A spokesman for the public school system of Omaha, Neb., summed it up this way:

"For teachers, it's a sellers' market."

Illinois, which has about 120,000 teachers, was trying to fill 21,000 vacancies. The office of state School Supt. Ray Page said the need was most critical in languages, vocational guidance, science, mathematics and the elementary grades.

The New York State Educa-

tion Department reported that systems under its jurisdiction were short 15,000 certified teachers, about 10 per cent of the total needed. The department said most openings would have to be filled by instructors whose training does not meet minimum requirements.

New York State shortages were worst in junior and senior high school general science, 22 per cent; English, 15 per cent and mathematics, 13 per cent.

The Michigan Department of Public Instruction said an average of 40 school districts a day were asking permission to use partly trained teachers.

Robert Cornwell, the department's teacher certification technician, said, "The only area that appears to be adequately filled is that of social sciences. There are shortages in all other."

During Special Meeting

Chester Officials Briefed On Funds For Planning

Two representatives of the West Virginia Department of Commerce — George Grodhouse and William Futhey — briefed members of Chester Council and the Park Commission on procedures for becoming eligible for federal funds for city planning during a special meeting Monday night at the chambers in City Hall.

Grodhouse explained that the purpose of their visit was to demonstrate how cities carry out their plans in line with the state and federal agencies and to outline the benefits which are received. He emphasized he was not attempting to force any choice on the city planners.

Futhey, in further explaining the program, compared city planning to planning by an individual.

"Just as a house builder has to go to an architect, city officials have to go to a community planner. When a home owner needs funds, he goes to

TOKYO (AP) — A Japanese radio correspondent reported that 500,000 Chinese demonstrated against the Soviet Embassy in Peking today.

It was the second such day of anti-Soviet activity in the Chinese capital, although other Japanese correspondents in Peking had reported earlier that the Red Chinese leadership had apparently called off the demonstration today to avoid the possibility of a diplomatic break with Moscow.

Job Policies In 'Ghetto' Face Probe

2 Bitter Voices From Harlem Hurl Challenge At Unit

WASHINGTON (AP) — Two bitter voices from Harlem — challenging a society they said seeks only to "keep the niggers cool" — stirred today an investigation into government job policies in the Negro ghetto.

The question: Does a criminal record, which they said marks almost every Negro ghetto youth before he is 21, bar a man forever from government employment?

Sen. Abraham A. Ribicoff, D-Conn., said it should not. And investigators for his Senate subcommittee, looking into city problems, set to work to find out what rules and policies the government follows.

The investigators may have a report ready Wednesday.

The bitter voices were those of author Claude Brown — who broke away from a youth of drug peddling to attend college, now law school; and Arthur Dunmeyer, who has spent half his life in prison and acknowledged he might go back again.

Brown told Ribicoff's subcommittee Monday, "So far, all the white community has done is to try to placate. Just keep the niggers cool — let's pass a civil rights bill."

Society's laws, said Brown, are written to protect white society, not the ghetto Negro. "He doesn't recognize this law."

In fact, said Brown, life in the Negro ghetto is a war on the society outside.

"I was selling drugs at 13 — heroin," Brown said. "These things are considered criminal by the other society. It's like a war between us and them."

"Whatever you may be doing — this is the way you come up in Harlem. You learn these games."

Council OK's Police Chief At Salineville

SALINEVILLE—Mayor Stanley Fitch today announced the appointment of Bard P. Dietzel, 30, of Louisville as the new village police chief.

Dietzel, who will assume his duties Monday, will succeed Ray Keister, who resigned as chief Aug. 15.

Fitch presented Dietzel's name to Council Monday night and he was accepted by a 4-to-1 vote.

Councilman Dwayne Felton opposed the appointment and Council President Warren Dunlap abstained from voting. Approving the appointment were Councilmen Lawrence Earl, Gillis Earl, Mrs. Kate Weaver and Howard Ahlborn.

Dietzel was chosen from those who applied for the \$340-a-month job. The chief also is provided with an apartment located above the fire station on E. Main St. and the village pays for his utilities.

Dietzel is married and has two children. He has been working as a storeroom clerk at the Republic Steel Co. in Louisville.

Dietzel has had extensive police experience, the mayor said. He served on the auxiliary force of the Louisville department from 1953 to 1958 and was appointed a special patrolman in 1958, serving to 1962. He has been a member of the Stark Council Auxiliary sheriff's force since 1962.

Dietzel has attended five different police schools and completed a Red Cross first-aid course, the mayor added.

Red Guards Demonstrate

Led by Peking's militant young Red Guards, 200,000 youths demonstrated in front of the embassy Monday and far into the night.

The Peking correspondent of NHK, the Japanese Broadcasting Corp., said the rally today was a continuation of the dem-

onstration Monday. Both were reported noisy but orderly.

The demonstrators, led by the teen-age Red Guards, carried portraits of Mao Tse-tung and banners denouncing "revisionists," meaning the Soviet Communists. There were no signs of shouts that directly named the Russians, NHK said.

The official Peking People's Daily praised the teen-age "defenders of Mao Tse-tung's thoughts" for ferreting out "bloodsuckers" and "sworn enemies of the people."

The newspaper said the guard's purge of foreign influences "heralds political and economic revolution."

Navy Uses Armed Helicopters First Time

Red Attack Unsuccessful On U.S. Navy Patrol Boat

SAIGON, South Viet Nam (AP) — The Viet Cong kept up harassment of allied shipping to day with an unsuccessful attack on a U.S. Navy river patrol boat in the canal-laced Mekong Delta.

As the Communists staged their fifth attack on the waterways within eight days, the U.S. Navy sent aloft helicopter gunships to support its river boat fleet. It is the first time the Navy has flown its own armed helicopters.

Navy pilots and crews took over operation of the UH-1B Huey helicopters from Army teams after on-the-job training aboard the USS Tortuga, a dock landing ship stationed off the coast as base for the choppers.

The U.S. command said a mine exploded near a Navy patrol boat in the Co Chien River, 55 miles southwest of Saigon, but the blast caused no damage or casualties.

Then Viet Cong on the shore opened up with about 100 rounds of automatic fire. But the boat was not hit and its crew returned the fire. Results of the American fire were not known, an American spokesman said.

American warplanes pounded North Viet Nam in more heavy raids Monday, flying 133 multi-plane missions against oil depots, truck convoys and other targets in the southern Panhandle and coastal areas.

One U.S. F105 Thunderchief was shot down Monday 15 miles northwest of Dong Hoi. The pilot bailed out but was not rescued and was listed as missing. It was the 347th American plane reported lost in the air war against the North.

Ground action in South Viet Nam came to a near standstill with only patrol skirmishes reported.

Guam-based B52 bombers made two raids today. One formation hit an enemy troop concentration and training camp 40 miles southwest of Saigon at dawn. Another formation struck at a North Vietnamese infiltration route a few miles south of the demilitarized zone and 20 miles west of Dong Ha, in Quang Tri Province, the U.S. command said.

The series of attacks on allied shipping began with the mining last Tuesday of the U.S. merchant ship Baton Rouge Victory.

She was hit 20 miles southeast of Saigon in the main shipping channel to the capital and seven or her crew of 45 Americans were killed.

On Saturday, a South Vietnamese landing craft hit a Viet Cong mine in a river 54 miles southwest of Saigon, causing several casualties. A government minesweeper hit a mine Sunday and sank just outside the Saigon shipping channel a mile or so from where the Baton Rouge Victory was hit.

A U.S. minesweeper narrowly missed a Communist mine in the same area Monday, and guerrillas along the shore exchanged fire for 20 minutes with four patrol boats accompanying the minesweeper.

Heavy currents broke the Baton Rouge Victory loose from its salvage mooring early today and a flood tide carried her upstream half a mile. Six tugs and other salvage craft towed the ship down the river later today to Vung Tau, on the coast, where repairs will be made.

In the raids against North Viet Nam Monday, pilots hit at 21 oil storage areas and reported.

Shares Concern On Rising Interest Rates

LBJ Challenges Truman Statement On Depression

WASHINGTON (AP) — The touchy issue of spiraling interest rates has triggered a top-level disagreement in the Democratic party, with President Johnson challenging former President Harry S. Truman's warning that the high rates could bring on a depression.

Johnson said he shares Truman's concern about the mounting rates.

"However," he added, "I cannot agree with President Truman that our economy is in danger of recession or depression."

The President contended the tight money supply mainly reflects "the extreme buoyance of our economy and the resulting very sharp rise in the demand for credit."

In a statement issued from his Texas ranch, the President said Monday, "These are symptoms of strength, not weakness."

But, the President said, "we need to find better ways to restrain inflationary pressures than by resort merely to the high interest rates we have been witnessing."

This comment prompted some members of Congress to say privately that the President may be beginning to think of new legislative proposals to deal with the situation.

The President's statement came less than 24 hours after Truman, in a rare public statement issued from his Independence, Mo., home, hit at the high rates.

"If we persist in high interest rates," Truman said, "the result could be a serious depression."

He said higher rates are an added burden on all governments — federal, state and local — and that "added interest costs end up as a further tax on the consumer."

He said a drastic rise in interest rates "only benefits the privileged few. There is yet time to remedy the situation."

House Speaker John W. McCormack sided with Truman. Asked at a news conference about Truman's statement, the speaker said "I agree with him."

Democratic Stephen M. Young of Ohio said the country should heed Truman's warning.

Democratic Rep. Wright Patman of Texas, chairman of the House Banking Committee, took the House floor to praise Truman's statement.

In the wake of the flurry of statements, the House Rules Committee considers today a bill that could bring the interest rate issue before the House.

The measure would only set a 4 per cent limit on the interest banks pay on certain deposits.

But its political impact is heightened by the Johnson-Truman exchange.

As approved by the House Banking Committee, the bill would apply to certificates of deposit and other deposits, up to \$100,000, left with commercial banks for a definite time.

It is intended to reduce competition between banks and savings and loan associations for the kind of savings that usually have gone to finance home construction.

Major Fire Averted

Gasoline Explosion Stirs Scare At East Palestine

EAST PALESTINE — Quick action by firemen averted a major fire near the center of town Monday night at 9:30 when several gallons of gasoline which accidentally had spilled into a creek exploded after a man tossed a lighted cigarette.

A minor explosion resulted and the rears of two business establishments were charred by the flames, but damage was light.

The chain of events started when a tanker truck loaded with gasoline pulled into a service station at the corner of Market and E. Taggart Sts.

The driver put the hose into the underground tank to unload the gasoline, but pulled the wrong lever on his vehicle. As a result, some 30 to 40 gallons of gasoline spilled out into the street before the mistake was noticed.

The gasoline poured into a storm sewer and emptied into Sulphur Creek, which flows through the center of town.

About two blocks south, William McIntosh, who resides in an apartment located in a building along the creek, smelled gasoline fumes.

Believing the fumes might be from his car, he went to check. When he couldn't discover the source, McIntosh decided it was

better to extinguish a cigarette he was holding. He tossed the cigarette into the creek and the fumes exploded.

The flames damaged the rear of the Cretto Restaurant and the Harmony Music Shop on N. Market St.

Firemen arrived quickly, quelled the flames and then flushed water into the creek for more than an hour to reduce the danger of further explosions.

Friday Hearing Due In Weirton Picketing

PITTSBURGH (AP) — U. S. District Judge Edward Dumbauld has ordered a heavy construction union to appear in court Friday to answer charges of unfair labor practices filed by the National Labor Relations Board.

The NLRB wants the court to ban the union from picketing a construction project at the Weirton Steel Co. plant in Weirton.

The McGraw Construction Co. of Middletown, Ohio, is erecting two basic oxygen furnaces at the mill.

The union is Local 154, International Brotherhood of Boiler-makers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers.

The announcement was made today from New York by John C. MacLeod, vice president of the Barrett Division of Allied Chemical.

The expansion will add 25,000 square feet to the present facilities, providing additional warehousing and loading facilities and modernization of manufacturing equipment "for more efficient servicing of customers in the Ohio, West Virginia and Pennsylvania areas," MacLeod said.

The Katzman Corp. of Weirton will be the prime contractor for the work, scheduled to be completed by the end of the year.

The People's Daily, organ of the Chinese Communist party, called for the Chinese people to take up the Red Guards' purge.

The purpose of the purge, the party paper said, is to "destroy utterly the old ideas, old culture, old customs and old habits" and "to foster vigorously the new ideas, new culture, new customs and new habits of the proletariat and socialism."

Rusk Backs Scope, Cost Of Viet War

Capitol Hill Warns Asian Conflict May Last 5 More Years

WASHINGTON (AP) — Secretary of State Dean Rusk defends today the scope and cost of U.S. military commitments amid Capitol Hill warnings the Viet Nam war may last another five years and require up to \$15 billion more this year.

Rusk goes before the Senate Preparedness subcommittee, whose members generally favor a strong U.S. policy in Viet Nam but are concerned that the United States is becoming overextended in its foreign policy aims.

Rusk told the group in its first session last week that the United States was not overextended. But he is expected to be closely questioned about this — particularly dealing with the North Atlantic Treaty Organization — at the closed part of today's hearing.

Sen. Leverett Saltonstall of Massachusetts, the ranking Republican on the Senate Armed Services Committee, the parent body of the preparedness group, cautioned Monday that the war may go on for another five years.

"Let us have no illusion about it," he told Naval Air Reservists in a speech at South Weymouth, Mass. "Before we are through in Viet Nam we will have to increase our troops and our targets there, just as our defense budget will increase."

Rep. George H. Mahon, D-Tex., chairman of the House Appropriations Committee, had some grim predictions on the cost.

He told the House that at the present rate of spending the Pentagon may need \$5 billion to \$15 billion more this fiscal year to fight the war.

If costs zoom toward the upper limit, he added, "it's a 50-50 chance" that a tax increase may be needed to pay for them.

The White House and French sources had no immediate public comment meanwhile on Senate Democratic Leader Mike Mansfield's proposal that President Johnson and French President Charles de Gaulle get together to discuss ways to try to end the war.

Mansfield suggested Monday

Firm To Start Expansion Of Chester Plant

Construction is scheduled to start Thursday in an expansion program by the Allied Chemical Corp. at the building materials plant in Chester which was acquired in April from the T.K. Roofing Co.

The announcement was made today from New York by John C. MacLeod, vice president of the Barrett Division of Allied Chemical.

The expansion will add 25,000 square feet to the present facilities, providing additional warehousing and loading facilities and modernization of manufacturing equipment "for more efficient servicing of customers in the Ohio, West Virginia and Pennsylvania areas," MacLeod said.

Bands Of Negro Youths Stone Stores And Cars

By The Associated Press
Bands of Negro youths roamed Benton Harbor, Mich., Monday night, stoning storefronts and automobiles as the northern Midwest stayed in the center of the racial scene.

Police Lt. Meredith Rynear-

son said some persons were arrested during the second straight night of unrest in the southwest Michigan city of 20,000, including some white persons for shotguns and bats in the car.

He said about 30 extra officers

were called in from neighboring communities and from the state police as three or four gangs each with 35 to 100 Negro youngsters roved through a predominantly Negro area.

Eight youths had been arrested Sunday during a melee which ensued when officers tried to disperse a crowd.

At Waukegan, Ill., police enforced a 7:30 p.m. curfew and prevented a recurrence of three days of rioting. They arrested more than 50 curfew violators in a Negro neighborhood and charged them all with mob action.

Police said one-third of the arrestees were from outside of Waukegan. They said they confiscated automatic pistols, revolvers, ax handles, rubber hoses, knives, hammers and lengths of pipe.

Nineteen of the arrestees were white, police said. The rest were Negroes.

"We're stamping it out as soon as it starts," said Police Lt. Patrick Quilly.

The curfew had been ordered Monday after seven persons were injured and 64 arrested during a spree of rock, bottle, and fire-bomb throwing by about 500 Negroes Sunday night — the third straight night of violence in a southside area.

Fifty miles up the western shore of Lake Michigan, quiet returned to the Milwaukee, Wis., suburb of Wauwatosa, home of some 60,000 whites and a dozen Negro families, as demonstrators paraded for an eleventh night.

Escorted by National Guardsmen, about 200 demonstrators walked unthreatened through the pleasant residential area where on previous nights hostile whites had surged toward them screaming curses.

Four blocks away, about 300 whites, heavily outnumbered by guardsmen and police, were halted behind barricades.

The march was held after Circuit Judge Robert Cannon refused to confer in the presence of newsmen with demonstration leaders, who want him to resign either as a judge or as a member of the Fraternal Order of Eagles, which they say bars Negroes from membership.

Senator Hits House Unit On Reserve Plan

WASHINGTON (AP) — Sen. Richard B. Russell said today a House committee's plan to authorize President Johnson to call up about 190,000 Reservists appears to be "a pale substitute for what is needed."

Russell's chilly reception greeted House Armed Services Committee approval of a bill which would authorize the President to place on active duty some 56,000 nondrilling Reservists and about 133,000 other Reservists who have not completed training.

The President has not asked for such authority and many members of Congress have expressed doubt he would ever use it.

Russell, D-Ga., who heads the Senate Armed Services Committee, told a newsmen he is going to await developments.

"There is a question in my mind whether this House bill goes far enough," he said. "From press accounts of its terms — and I have had no opportunity to study the bill itself — it looks like a pale substitute for what is needed."

Cities

meyer said, are numbers running, robbery, prostitution, swindling. Those are simply careers in the Negro ghetto, they said, adding that sexual promiscuity is accepted and illegitimacy carries no stigma.

Dunnemeyer described the route to success in Harlem this way: "They see that these things are the only way they can compete in this society. The only thing to do is to get something going for yourself. Its cheating, its stealing, these things are just a way of life."

And so is illegitimacy, said Dunnemeyer. He said he was born out of wedlock, fathered an illegitimate child at the age of 15, and she was pregnant at 12.

At 30, he is the father of eight children and a grandfather, too, he added.

Brown, 29, wrote the book "Manchild in the Promised Land," about life in Harlem. Invited to testify at the Senate hearing, he brought Dunnemeyer along.

Brown told the subcommittee, "In the Harlems all over the nation, by the time a Negro male reaches the age of 21, he's got a sheet on him — a felony sheet."

"It creates a vicious cycle because he can't get a job. He goes on paying for the rest of his life."

Burglar Obtains \$100, Other Loot At Chester

Several electric razors, walkie-talkies and wristwatches and more than \$100 in cash were stolen from the Citizens Drugstore at 501 Carolina Ave., Chester, some time early today. Police Chief Audley Campbell reported.

An inventory is being taken to determine the exact quantity of merchandise stolen, Campbell said.

The burglary, which occurred between 1 and 7 a. m., was discovered by a passerby who noticed that the swinging doors of the establishment had been forced open. An unsuccessful attempt also had been made to enter the rear of the building, the chief said.

Saturday Closing Set For City Hall Offices

City Hall offices will be closed Saturday in order that municipal employees and officials may be free for a three-day week-end to observe the Labor Day holiday, Mayor George E. Willshaw said today.

City offices usually function from 9 a. m. to noon on Saturday. This week they will close at 4:30 p. m. on Friday and not reopen until 9 a. m. Tuesday.

Parking meters will function as usual on Saturday, the mayor reminded. But metered parking will be free on Monday, as Labor Day is one of the feeless holidays designated in the meter ordinance.

Under County Program

Salineville Joins In Sewage Setup

SALINEVILLE — Council Monday night adopted a resolution entering into an agreement with the Columbiana County commissioners for construction of a sewage disposal system.

According to the agreement, the entire system, including the interceptor sewers, will be constructed by the commissioners. The cost was set at \$238,875.

THIS IS part of a countywide sewage and water system being proposed by the commissioners.

The Madison Engineering Co. of Mansfield made a survey of the village and announced in 1957 the cost for the first phase would be more than \$575,000 and the second phase would be about \$170,000, considerably more than the program offered by the commissioners. Mayor Stanley Fitch pointed out.

The county will charge the residents on a rental basis figured on foot frontal of property.

Attending last night were Robert Owen, newly appointed commissioner, and Sharon Quigley, coordinator of the water and sewage projects for the commissioners.

Fitch announced he will contact the Rose Construction Co. of Lisbon to begin work on razing the old City Hall, which was destroyed by fire March 19. The cost will be \$3,985.

Council authorized \$50 to paint the apartment supplied by the village for a police chief.

A vote of thanks was given to Pete Growall, street supervisor, Councilmen Gillis Earl and Dwayne Felton, Albert Girone, football coach, and Robert Bentley, Washington Township road supervisor, for work done on a playground at the East end of town.

VARIOUS street complaints were discussed. A discussion also was held on a house on North St. that was gutted by fire and never torn down.

Fitch was authorized to notify Frank Sevek, local contractor, to begin dredging a portion of the creek running through the village.

Representatives of the Village Cable Corp. of Toronto were present to answer questions concerning a proposed cable television service. The firm requested a franchise Aug. 8.

A survey will be started this week to determine if there are enough residents interested to make the project feasible.

Fitch presented a hospitalization plan to council for village employees. Another meeting will be set some time next week to further discuss the program, with an insurance firm representative present.

Sworn In At Lisbon

Robert Owen Takes Oath As County Commissioner

LISBON — Robert Owen of Ohio Ave. took the oath of office as Columbiana County commissioner Monday afternoon before Probate Judge Louis Tobin at the Courthouse here.

Former safety - service director and councilman here, Owen fills the vacancy created Aug. 15 by the death of Frank C. Wilson of Wellsville.

The Democratic Central Committee last Tuesday selected Owen to be county commissioner until voters elect a commissioner Nov. 8 to complete Mr. Wilson's term running through 1968. Owen will serve until the elected successor qualifies, a step which requires a few days.

Democrat Lew Sowards of Lisbon and Republican Charles Gause of Hanoverton are party-appointed candidates for Mr. Wilson's unexpired term.

Owen won the Democratic nomination for a four-year term as county commissioner at the May primaries. His opponent is Commissioner James W. Boyd of East Liverpool, lone Republican.

Cause: Post-War Baby Boom

Marriage Squeeze Grips Nation, Census Men Say

MIAMI BEACH, Fla. (AP) — The country is caught in the middle of a marriage squeeze.

It looks like a half million or more young girls are going to have to postpone their first marriage, or get hooked to somebody they would have passed up in normal times, or — worst of fates — not get married at all.

The cause is the baby boom that followed World War II. The babies are grown up now and the girls are looking for husbands.

The trouble is that gals get hitched younger than guys, ages 18 to 22 for females versus 20 to 24 for males. And most of the guys who were born during the baby boom aren't old enough, statistically speaking, to march to the altar.

It was all described today to the American Sociological Association convention by two men from the U.S. Census Bureau, Paul C. Glick and Robert Parke Jr.

In a paper they said: "Generally speaking, the squeeze can be resolved in any or all of several ways.

"By the boys marrying for the first time at younger ages.

"Or by the girls marrying for the first time at older ages.

"Or by the girls marrying older widowed and divorced men, or older single men who might otherwise have never married.

"Or," and here the paper lets out the brutal news, "it is possible that more girls will ultimately not marry at all."

The hard facts are that in the late 1950s there were 99 marriage-age young men for every 100 marriage-ready girls. But in the early 1960s, the figure dropped to 94 guys for every 100 gals. Right now, it is down to 93 fellows for every 100 females.

In the cautious phrases of the,

scientists, Glick and Parke struck a statistical blow for the American male.

"The evidence so far suggests that in the first part of the 1960s, the marriage squeeze was resolved in large part by changes in the marriage patterns of the women, and not by alternation of the trend of ages at first marriage for men.

"The young men have been successfully warding off any pressure from the mounting numbers of marriageable young women."

If the pattern continues, the sociologists said, "over a half million women will have to postpone getting married."

But the young bachelors better enjoy it while they can. In the 1970s, the ratio will return to 99 guys to 100 gals.

Cincinnati Cost Set On Fair Bus Law

CINCINNATI (AP)—A school official said Monday night the state's fair bus law will cost the city between \$20,000 and \$40,000 to transport about 1,000 pupils who attend nonpublic schools.

John Shreve, assistant superintendent in charge of special services, said it will cost Cincinnati \$57 to transport each pupil, but state reimbursement will only be \$36.

Courthouse At Lisbon Sets Holiday Closing

LISBON — The Columbiana County Courthouse will be closed from 4 p. m. Friday to 8 a. m. Tuesday for the Labor Day weekend.

Monday is a legal holiday. Officeholders decided to take Saturday, too, normally a half day. Notices of the closing were posted Monday on the Courthouse doors.

Housing Due \$4.7 Billion 'Shot In Arm'

WASHINGTON (AP) — The federal government is about to give the lagging housing industry a multibillion-dollar shot in the arm. But the injection could well have a very painful after effect — still higher interest rates.

The size of the injection is impressive — \$4.76 billion — but even its backers say it's only a stopgap and a rescue operation, not a cure for the basic problem.

"It will alleviate a very, very serious situation in the home-building industry but it's not the complete answer," one government source said.

He referred to legislation to channel the \$4.76 billion into the industry through the Federal National Mortgage Association.

The association, known as Fannie Mae, buys mortgages from private lenders who, in turn, use the funds supplied by the agency for new home loans.

The House completed congressional action on the legislation last Friday and President Johnson is expected to sign it promptly.

Mortgage bankers cautioned against exaggerating its effects. One economist estimated it would boost private housing starts by about 100,000 units, far less than the drop so far this year.

The \$4.76-billion injection represents only a small part of the total mortgage market. Mortgage debt last year increased about \$31 billion, including about \$16 billion on one-to-four family houses.

Fannie Mae will have to borrow \$3.76 billion of the total in the already tight money market where funds are relatively scarce and interest rates are at record of near-record levels.

By issuing debentures and short-term notes, as it must to obtain the funds for its mortgage buying operations, Fannie Mae could well bid interest rates even higher than they are now.

Yields on its last debenture offering in June went to 5.91 per cent.

The Mortgage Bankers Association, noting this possibility, said the result would be that Fannie Mae would offer private lenders less money for the mortgages they hold. This could discourage bankers from offering some mortgages for sale to Fannie Mae.

Another \$1 billion of the rescue package would be borrowed from the Treasury and from special funds available to the President, but this would be used by the agency for special assistance programs, not for its secondary market operations.

During the year which ended last June 30, Fannie Mae purchased a record \$1.8 billion in mortgages insured by the Federal Housing Administration and guaranteed by the Veterans Administration. This record is certain to fall once the new measure becomes law.

Although the agency can buy only FHA and VA mortgages, the money it provides to bankers also can be used for conventional home loans.

One effect of the legislation will be to remove some of the restrictions Fannie Mae recently placed on its mortgage purchases. To conserve its dwindling funds, the agency fixed a \$15,000 ceiling on the size mortgage it will purchase. It now plans to raise this, reportedly to \$25,000 for a new home mortgage and to something under that for existing home mortgages.

But the bill says nothing about the basic problem — the movement of funds away from the home mortgage market to more lucrative investments.

And since it admittedly won't cure the basic problem, it probably won't reduce interest rates on home loans which now approach 7 per cent in some areas for conventional financing.

Brief Outage Affects Power In Small Area

A brief outage affected service Monday night on upper Lincoln Ave., Ogden St., outer Dresden Ave. and adjacent areas and crews later traced the trouble to a primary section fuse, the Ohio Power Co. reported today.

The outage was brief and affected only "a very small area," the utility reported. The section fuse is a protective device which interrupts power in case of trouble. Crews patrolled the lines last night and again this morning, but were unable to find the cause.

The utility said the most likely cause was that an auto bumped a utility pole, allowing lines to sway together without resulting in break.

Proper Drinking Basin Advised For Livestock

This Basin Provides Clean Water . . .

... One Tile Muddy, Wet Area

LISBON — Developing a spring to supply good, clean water for a herd of 15 animals is quite different from building one to supply 60 to 70 animals, according to Herman L. Reuter, conservationist with the Columbiana Soil and Water Conservation District.

One or two sections of large tile placed end to end to collect water seeping from higher ground often may serve as a reservoir or a sediment basin from which livestock will drink, Reuter said.

This arrangement will not work very satisfactorily with a larger herd, however, as many a farmer has found from experience, he added.

SEVERAL animals drinking from a large tile will soon cause the water to seep away from the storage area and spread over a large surface, leaving a wet spot. Animals splash themselves and the drinking water with thin mud.

Farm Workers Balloting Today On Union Issue

DELANO, Calif. (AP) — Labor organizers for the AFL-CIO and the Teamsters Union predicted victory for their unions today as Di Giorgio Corp. farm workers voted on the issue of collective bargaining.

Between 7 a.m. and 10 p.m., an estimated 1,800 Di Giorgio workers in Tulare and San Diego counties vote for either the Teamsters or the AFL-CIO to represent them — or for no union at all.

The election is described as a landmark in the movement to organize California farm labor. Never before have farm workers had a chance to make such a decision in a similarly sponsored election.

Its outcome is expected to have a direct effect on the state's \$3.7-billion agricultural industry, as well as the rest of California's 80,000 farm workers.

Both unions hope to use the election to launch a nationwide effort to unionize farm workers.

Former Resident Receives Degree

Miss Mary Lou Curren, formerly of East Liverpool and daughter of Mrs. Bernice H. Curren of Canton and the late Richard R. Curren, was graduated with a bachelor of science degree in pharmacy from Ohio Northern University Aug. 26.

She is a member of Kappa Epsilon sorority for women in pharmacy and historian for Rho Chi, national honor society in pharmacy. She was named to the dean's list for the final quarter in August.

Miss Curren, a 1961 graduate of East Liverpool High School, has accepted a position on the staff at Akron City Hospital.

Car, Rig Ram On Area Road

A district man was cited as the result of an accident Monday at 8:48 a. m. on the Calcutta-Smiths Ferry Rd., almost two miles east of Route 170, according to the Ohio Highway Patrol at Lisbon.

Officers said the mishap involved a car operated by John Muschweck, 30, of Simmons Rd. and a tractor-trailer unit operated by Charles Hoppel, 41, of the Calcutta-Smiths Ferry Rd.

Hoppel backed the rig from a private drive and was struck in the rear by the eastbound Muschweck car, the patrol said. Hoppel was cited for failure to yield the right-of-way.

Muschweck and his wife, Mrs. Annalee Muschweck, 25, were treated at City Hospital for minor injuries.

A truck operated by John Rhodes, 46, of Columbiana, a convertible driven by Eldon Weyand, 19, of Lisbon R. D. 5 and a parked car owned by Paul Feyock, 42, of Hubbard figured in an accident Monday at 4:30 p. m. on Route 164, a mile south of Columbiana.

Officers said Rhodes was northbound and made a turn into a parking area, cutting in front of Weyand.

Weyand veered to avoid a collision and hit the left front of the Feyock vehicle, parked

along the highway. Weyand then continued off the road and hit a tree. Rhodes was cited for failure to yield the right-of-way at an intersection.

'Kiwi Fruit' Actually Chinese Gooseberries

WELLINGTON — Juicy berries, labelled "kiwi fruit," are being exported to the west coast of the United States. Here in New Zealand, where they are grown, they are known as Chinese gooseberries.

The name was changed, explains the New Zealand Information Service, because it was felt Americans were not familiar with Chinese gooseberries, or might think they came from China.

A Job Nobody Wants

The secretary general of the United Nations, U. Thant, has promised to announce his decision on re-election this week.

He is the central figure in an interesting situation. He doesn't want the job enough to put up a fight for it, but the job wants him hard enough to make him worth fighting for.

At this moment in history, with critics of the United Nations as bitter as ever, just about everybody in the 117-nation world would like to see the Burmese diplomat-statesman who has been at the head of the United Nations since 1961, stay where he is.

The United States supports his re-election officially. The Soviet Union wants to keep him on the job. Britain and France are supporting him. Only Nationalist China among the permanent members of the U.N. Security Council is uncommitted.

Secretary General Thant has made it clear he believes the Chinese People's Republic should be in the United Nations, though not necessarily as a replacement for Nationalist China.

The U. N. secretary general is elected by the General Assembly on the Security Council's recommendation. Nominally, it is the most important international post in the world. It carries prestige. Its prerogatives are not to be dismissed lightly.

Yet, nobody wants the job because of the galling frustrations that go with it. A secretary general who says what he believes exposes himself to calumny from those he offends. He always is expected to do vastly more than he has power to do, such as stopping the killing in Viet Nam.

He is supposed to administer the costly operation of an organization whose members cannot be counted on to pay their dues.

He is supposed to be head arbiter of international disputes that could not occur in the

first place if U.N. members did what they are pledged to do under the U.N. Charter.

He is expected to preside over a continuous forum of constructive debate carried on by the representatives of governments that often are bent on one another's destruction.

He is under official obligation to assure equitable representation and influence to all U. N. members, though they know this is impossible when one member, the United States, is paying the bulk of the overhead and regards the United Nations as a division of its own State Department.

He is under a special obligation to recognize the emerging nations and protect their rights, but he cannot be oblivious of the danger that every move he makes opens him to attack by those who suspect the worst of the United Nations and its secretary general.

Time For Action!

"Between 300 and 400 teen-agers, some appearing as young as 12 or 13 years old, were estimated to be present in the club when the raiding party entered about 1:45."

The above is taken from Monday's report on a "citizens' raid" at the Cove Inn in Hancock County.

If ever there was cause for a permanent cleanup of the "Strip" area, this is it! Adults in illicit activities are bad enough, but when teen-agers in the hundreds become involved it's time for action.

A fine here and a fine there isn't enough. Permanent padlocking is the answer—not only at the Cove, but all along the "Strip." If nothing is done now, law enforcement agencies and those responsible for their supervision will leave themselves open for a lot more penetrating questions.

Placing The Emphasis

The British are more interested than Americans in what is done to protect the general public—the vast majority of citizens who are law-abiding—against criminals.

Shocked by a sharp rise in serious crimes and a dropoff in convictions, Britain is ready to crack down hard on the "rights" of suspected criminals.

In the United States, the Supreme Court is making it increasingly more difficult for law enforcement officials to convict a criminal even though he has confessed his guilt.

BRITAIN'S state of alarm came after the recent slaying of three unarmed London policemen.

Here are some of that nation's proposed reforms. Abolition of the unanimous jury vote on a conviction, substituting instead a 10-2 verdict; prohibition of "surprise" alibis during a trial; doing away with rules compelling police to caution a suspect before questioning that anything he says may be used against him; life imprisonment as a maximum penalty for armed robbery.

In sponsoring such legislation, Britain's home secretary, Roy Jenkins, says, "In all too many cases, particularly those concerning the most vicious forms of organized crimes—the really big criminal conspiracies—the scales of justice now are weighed all too heavily in favor of the accused."

SOME OF THESE proposals probably would go too far for Americans to accept—particularly the dropping of a unanimous jury verdict.

Force Is Not Always Brutality

No law-abiding citizen condones unnecessary brutality on the part of police.

Nor does any law-abiding citizen condone brutality on the part of the public against police.

Two or three generations ago, when rubber hoses were not unknown in the interrogation rooms of some police departments, some police officers undoubtedly went too far in their zeal to pry out information in a criminal investigation.

THOSE DAYS are long gone, however, and the cry, "Police brutality," seldom holds up. Monday's report on investigations of charges within Chicago's police department pretty much points up what has been happening across the country. In 687 complaint cases, 29 were found valid and the police officers punished.

Too often a wrongdoer who has fallen into the hands of police, or is attempting not to, charges "brutality" when the policeman is compelled to use force to make his arrest. The suspect, sometimes with confederates, kicks, gouges, punches the officer and then acts surprised when the officer clouts him back in order to subdue him.

Purely Personal

The world's most stirring demonstration of wishful thinking surely must be the guesswork of political commentators about the politicians they comment about—including the fate that awaits them if they don't do what the commentators say they should do.

If you want to make a safe guess about sports, watch the money manipulators go to work on soccer to replace lagging interest in football and to compete for public interest in football. Soccer is rougher and faster than football, which is in danger of killing itself with over-exposure.

A certain amount of mistaken identity is to be expected when men are hell-bent on killing one another, but more than usual is bound to happen in Viet Nam, where there is no front line and the enemy and the ally are the same people, with different ideas.

It is harder than usual this year to realize that the end of August marks the opening of the fall political campaigning and that the next

most shocking thing about the New York Herald Tribune's death is the revelation that the striking unionists who hastened it had no interest in the newspaper as an institution; that their unionism was more important to them than giving the Herald Tribune a chance to live.

Everywhere else when something goes wrong, people shrug and say, "Back to the drawing board." At Cape Canaveral, they shrug and say, "Back to the cash register."

Wilson Talks About Viet Nam

By Victor Riesel

LONDON — The prime minister and I sat at the empty conference table in his cavernous cabinet room of the government leader's suite somewhere off the Library Corridor in the Parliament Building.

A gracious man, this "PM," Harold Wilson — urbane, Labour, devoted to Lyndon Johnson, friend of the U.S. — harassed by his anti-American left wing bloc and, above all, a man upon whose success rests much of the security of our own land.

Perhaps instead of security one should say "prosperity." If his country and the pound collapse, we will be spiraling down towards recession, war or no war.

The prime minister, talking of his visits with Premier Kosygin and President Johnson, lit a cigar for me and offered it graciously with the testimony that it was a thin panatella and, most certainly, not Cuban.

He discussed his nine hour conversation with Kosygin and the message he carried from Moscow to Washington.

If I interpret the prime minister correctly, the message, the cold, off-the-record word was that the Soviets simply wanted the U.S. to get out of South Viet Nam. No ifs, no buts, no conditions. Just leave.

OTHERWISE MOSCOW feared that Soviet pressure would throw Hanoi into Peking's control. Its significant that Harold Wilson a Socialist and Labor government prime minister, could not make impact on the leader of a Communist state.

In his rapid-fire fashion, the "PM" said in polished Noel Cowardian manner that if Kosygin had been born in England, he would have become the president of the Imperial Chemical Industries. If Communist party chief Leonid Brezhnev had been born in England, he would have become the general secretary (leader) of the British teamsters (the Transport and General Workers' Union) or, in effect, a sort of pure, left-wing Jimmy Hoffa.

When Harold Wilson flew over recently to see the President and convey the message among other matters, such as receiving strong economic support, he found Lyndon Johnson hearty and philosophical. Mr. Johnson admired the way in which Mr. Wilson had handled the militant anti-Viet Nam anti-American left wing of the Labor party. The two men enjoyed discussing the political finesse and maneuvering as two Chevaliers de Test de Vin De Burgundy, would enjoy rounds of wine barrel dipping.

Mr. Johnson asked Mr. Wilson what he thought of the polls. The prime minister thought the President was asking about Poland. But before he could answer, Mr. Johnson pulled out a sheet of paper and read him the favorable results of new poll on his prestige. Mr. Johnson was quite happy with them — since the polls he had shown Mr. Wilson in January were not so pleasant. They had demanded more action.

The prime minister, I believe, left that talk with the feeling that President Johnson was in Viet Nam to stay until the aggression ended. From other sources here, one learns that what the President wants to do is draw a military line, and below that turn Viet Nam into the West Berlin of Southeast Asia.

I then asked about George Brown, brand new foreign secretary. It's the way of the new era: here is Mr. Brown, a former leader of the huge Transport Workers' Union, now making foreign policy for England and therefore, in effect, partially for us. Mr. Brown is a tough blend between George Meany and Dave Dubinsky. The prime minister agreed there never would be a dull moment. Mr. Brown is a good friend of Lyndon Johnson and the U.S.

SUCCESS WILL DEPEND on how strong the economy stands. Will it survive the wage and price freeze (standstill, they call it) which also ends all dividends and any other service rise for the next 12 months?

The prime minister said he had talked with Victor and Walter Reuther at 10 Downing St. about all this sort of thing. I observed it could never happen in America. He said he was not sure the Trade Union Congress (the AFL-CIO of Britain), now well over 10 million strong, would stay in line but it's patriotic and he said he would make an appearance himself if necessary.

There were other matters discussed, and as

Victor Riesel

I left, he urged me to send his regards to Sweden's Prime Minister Erlander and to Victor and Walter Reuther. Mr. Wilson really does not know George Meany, he said, having met him briefly just once. But the Reuthers have been around.

From the PM's suite it was just a few feet down the hall to the offices of Mr. Edward Heath, leader of the Opposition. Distinguished, and with magnificent gray hair, he is typical of the central figure in what we Americans have gotten to know as a British courtroom play.

HE STILL WAS BITTER over Lyndon Johnson's reference to Mr. Wilson as another Winston Churchill. But Mr. Heath's anger is reserved for U.S. Secretary of the Treasury Henry Fowler. The British Conservatives cannot understand how a free enterprise administration in a free enterprise nation could demand and get the British government to regiment its economy, cut off dividends, freeze wages, prices and all incomes and fees.

Mr. Heath is deeply aroused over the U.S. ability to force Downing Street to pass a law giving the government the power to regulate and police all income.

Mr. Heath said he thought that this was too steep a price to pay for American support of the pound — and that investments here would die and the nation suffer heavy economic losses.

So the interviews ended with Her Majesty's First Minister and the Loyal Opposition. Then out into the crowded street around the Big Ben corner. No one seemed to care about the harassed men inside. It was evening rush hour.

Through The Years

From The Review Files

THIRTY YEARS AGO — Walter Haines of State St. resumed his studies in law in school at Georgetown University.

Frank Bennett of W. 5th St. spent six weeks at the Ohio Band camp at Cedar Point.

TWENTY YEARS AGO — Mr. and Mrs. Lawrence Baldasare of Clover St., Wellsville, received a pleasant surprise when their son, Sgt. Fred Baldasare, phoned them from Munich, Germany.

TEN YEARS AGO — Miss Marilyn Rumberger of Main St., Wellsville, accepted a position at St. Margaret Memorial Hospital, Pittsburgh, after completing her nurse's training there.

Seamen Terry Martin, Alvin DeBee, Earl Kiger and Richard Daugherty, all of Newell, arrived together to spend a 14-day leave with their parents.

Down On The Farm

The American farmer can take a bow. Never in history has he produced so much sustenance for so many people all over the world.

In the 18th century, most Americans lived on farms. A farmer produced little more than enough to sustain his family. At the end of World War II, the efforts of 17 per cent of the nation's population still were needed to feed the rest. The farm population now has shrunk to 6.5 per cent.

Today's farm worker produces enough food to feed himself and 32 other people. He has made the United States the world's largest exporter of agricultural products.

Since the 1950's, farm productivity has zoomed a spectacular 7.7 per cent a year, the Department of Agriculture reports.

Farms have declined steadily in number, however, since the 1930's. They now total only about 3,400,000. Disappearing from the countryside is the small family farm that depended mainly on unskilled labor. The lucrative farm is a large, highly-specialized enterprise requiring more technical and managerial skills.

Though production climbs, cropland has remained much the same throughout the 20th century. Acreage in the 1960's was about 300 million—roughly the same as half a century earlier.

Is Ohio Really Beautiful?

EDITOR OF THE REVIEW

For several years I had heard, from my husband, a former East Liverpool resident, about how beautiful the Ohio River was and how the first sight of your city as you crossed the Chester Bridge was really something to see.

Well, the first thing I saw was dust swirling around a cement-covered river bank. Then as my eyes became adjusted to the dust from the trucks rushing across the bank what to my eager eyes appeared but a large boxcar left from some railroad trip. Things just had to get better I thought, but then when I finally did reach the city line and turned to go down Second St. I found that someone had piled tons and tons of black dirt on a vacant lot on the corner. Not only was it on the lot, but on the sidewalk and spilling over onto the street too. No need to tell you that my first look at your city and my first impression were not favorable.

As my vacation routine became settled, I inquired into these matters and found that these eyesores were a part of the landscape. It seems to me that the owners of the concrete company Milliron Co. I believe, should not be allowed to let their trucks dump their mess over the river bank and use the road beside the river and the railroad tracks as their personal dust bowl. Also the railroad should not be allowed to park their old unused cars any place they desire. And last, but not least, the people who own the property on the corner of Broadway and Second St. should be made to clean up that terrible looking lot and not be allowed to use it for their personal mud pile.

These three things are not only eyesores but they are a menace to health and safety in one way or another. They certainly are no advertisement for a visitor to your city and present a very bad first impression when coming across from West Virginia.

Most of this country has heard the expression "Beautiful Ohio", but to a stranger coming to East Liverpool the first sight seen is certainly sure to bring the phrase "Beautiful Ohio" Here?"

Parking Meters Draw Attack

EDITOR OF THE REVIEW

It was with a great deal of joy I read in The Review of another store moving its facilities out of town.

I was born and raised in East Liverpool and have practiced the adage "Buy at Home — Keep the Economy in our Community" for more than 20 years.

However, the parking ticket rate of \$1 for the first 24 hours is so high that a busy or forgetful person such as myself can hardly afford to get caught. Believe me, all my violations have been self-imposed because of my own carelessness.

On Aug. 25, a shopping night, I parked on the very outer limits of Dresden Ave. at 6:10 p.m. to visit my mother. Of course this is a metered area but there wasn't another car in the entire block so who thinks of busy shoppers, Meter Mails, violations, etc.? Well, lo and behold, when I returned at 6:35 I had a ticket — a \$1 one.

Naturally, this high cost of overtime parking behooves me to write this letter, not the fact that I was ticketed.

Now if I can just talk my barber into moving out of the city limits maybe I won't have to come to the big city at all any more.

Suggestion Offered Fair Board

EDITOR OF THE REVIEW

I write this letter with many unanswered questions on my mind in regard to the Hookstown Fair. I am a non-member, non-participating party in regard to the preparations of the fair, but I do enjoy attending this annual occasion.

The first disappointment was the absence of the local members of the fire department who work the booths for money to be applied to the expense involved in operating a volunteer fire protection for anyone in this community.

It is my understanding this was considered gambling by the local church. Now I ask of anyone attending this year's fair: Were some of the booths this year considered gambling, and if not what? Were we offered anything near a fair return for our investments at these games of chance? Will this money be reinvested for the improvement of our fire department or community?

I commend the fair board for a job well done and look forward to next year, but please don't let this fair be dominated by out-of-town professionals.

Odd Facts

The fastest-flying bird in the world is generally conceded to be the frigate bird of the American tropics. Its speed has been estimated at over 200 m.p.h. Of all birds, it has the greatest plane area in proportion to weight, and its plumage and pectoral muscles make up at least 47 per cent of its total body weight. In flight, its six-foot wingspan and deeply forked tail make a handsome sight.

The four fastest-growing consumer products in America are air-conditioners, television sets, clothes driers and boats. During the last 15 years the production of these items has increased more than 400 per cent.

'Black Panthers' Guard
Speakers In New York

NEW YORK (AP) — The Negro left's most militant leaders, Peking-oriented Progressive Labor party and Max Stanford, a member of the Black Panther party, an offshoot of Alabama's speaker's platform guarded by all-Negro political party.

But they saved a standing ovation for Stokely Carmichael, chairman of SNCC.

Carmichael, who has been warmly received by young Negroes on a tour of the Northeast, was greeted by a cheering, enthusiastic applause.

Stokely Carmichael, head of the Southern Christian Leadership Conference, took over and ran their own communities, and the so-called "Black Panther" party, an offshoot of the United States in dealing with Negroes and other nonwhites abroad.

Carmichael spoke from a platform in the Mount Morris Presbyterian Church in Harlem, guarded by six young members of the Black Panther party, each wearing black shirts, black pants and black panther emblems.

The party, founded in Lowndes County, Ala., has counseled Negroes to vote by scientifically — striking by night and sparing no one.

Stanford said the United States could be brought down with a tag and some gasoline. States exploit them as he said.

Man, 33, Hurt In Attempt For Free-Fall Record Dies

BRICK TOWN, N.J. (AP) — Nicholas Plantanida, who had been on his way to 120,000 feet from where he hoped to break the world's free-fall record and collect scientific data.

It was his third try at the jump. First his balloon ruptured, sending him plummeting toward downtown St. Paul. The second time, an air hose fitting jammed, forcing the chutist to ride his gondola back to earth.

The third time was fatal. Plantanida's oxygen supply suddenly failed. He signaled ground crew who electronically detected his gondola from the above southern Minnesota. He bled to death.

Survey Set At Midland In 'Anti-Poverty' Work

BEAVER — A plan to complete a survey of the Ambridge and Midland areas to compile basic information about potential services was agreed upon Monday at a meeting of the Community Action Committee of the Beaver County anti-poverty program.

The survey, which has been completed in Aliquippa and parts of Beaver Falls, will be undertaken by staff members and volunteers. Area residents interested in assisting with canvassing the Midland area may call the committee at 775-5140.

In other business, Executive Director Jerry H. Moye asked that a vacancy in the post of program coordinator not be filled and the money used instead to pay survey workers. Chairman William B. Taylor presided.

How Can I?

By ANNE ASHLEY

O. — How can I remedy a rug that has lost its stiffness?

A. — Procure sizing from a rug - supply dealer — this coming in powder or grain form, some kinds to be mixed with hot water, others with cold. To apply, turn the rug upside down on the floor, pour the sizing liberally out of a pot or saucepan, then spread around evenly with a broom. It usually takes about two days after this before the rug is dry enough to turn over again.

Q. — How can I make my own cleaning compound for use on painted walls?

A. — Dissolve an ounce of soap flakes in 16 ounces of water, and add about three ounces of turpentine or mineral spirits. Stir the mixture well, and apply with a sponge. Many other such household cleaning methods are included in my new manual now on the market.

Q. — What can I do about a cloudy or streaky mirror?

A. — Add ammonia to water, and swab this over the mirror with a chamois. Then wring the chamois well out, and wipe the water off. Or, mix cold water with starch and apply to the mirror. When this is perfectly dry, wipe the powdery starch off with a dry cloth. If the streaks show signs of stubbornness, you can sometimes deal with them with a little oil-type of furniture polish.

Miss Shirley Obney Weds In Rites At Church Here

St. Aloysius Catholic Church was the setting for the marriage of Miss Shirley Aleen Obney, daughter of Mr. and Mrs. James H. Obney of Dome St., and James L. Monte, son of Mr. and Mrs. Samuel Monte of Commerce St., Wellsville, the morning of Aug. 20 at 11 o'clock.

The double - ring ceremony was performed by Fr. Christopher Lynch, assistant pastor, before an altar setting of mixed pompons, gladioli and ferns. Satin bows marked the family pews.

Mrs. James O'Riley presented a half - hour recital of organ music, accompanied by her husband.

THE BRIDE was escorted to the altar and given in marriage by her father. She was attired in a gown of silk organza over taffeta, fashioned with long tapered sleeves, empire waist and scooped neckline with Alencon lace trim. A full chapel train was attached at the waist. Her floor - length English silk illusion veil was held in place by a cluster of rosebuds and Alencon lace adorned with seed pearls and crystals.

She carried a bridal bouquet of rosebuds and orchids on a missal borrowed from her sister, Debra Obney. Her pearl earrings were a gift of the bridegroom.

She observed the wedding traditions and carried a sixpence in her shoe, a gift of her grandmother, Mrs. Cora LaNeve. Her handkerchiefs were gifts of Mrs. Bobbie Drane and Miss Jane Coppock.

Miss Jean Ann Monte of Columbus, sister of the bridegroom, was maid of honor. She was attired in a yellow gown. Mrs. Arlene Kirbaugh, Mrs. Bobbie Drane and Miss Jane Coppock were bridesmaids. Their gowns were in mint green. Miss Debra Lou Obney, sister of the bride, and Miss Gina Monte, niece of the bridegroom, were flower girls.

Their floor - length mint green gowns were of crepe sheaths with brocaded bodices and full length trains. Their headpieces, made by Mrs. Bobbie Drane, were open pillboxes featuring seed pearl trim and elbow length veils. They carried Colonial bouquets of carnations and rosebuds. The veils worn by the flower girls were also floor - length and they carried baskets of rose petals.

The mother of the bride appeared in a white two - piece lace dress with green accessories and the bridegroom's mother chose a one - piece blue dress with black accessories. The grandmothers of the bride, Mrs. Lydia Laughlin of Coraopolis and Mrs. Winnie Obney of Samuel St., wore poude blue and navy blue dresses, respectively. All wore orchid corsages to complete their ensembles.

Harry Jarvis served as best

MRS. JAMES MONTE
Honeymoons In Mexico.

man and Pvt. James Obney Jr. of Eustis, Fla., and Kenneth Obney, brothers of the bride, Mike Monte, brother of the bridegroom, and Louis Lombardi Jr., nephew of the bridegroom, were ring - bearers.

A RECEPTION for 250 followed the ceremony at the VFW Post Home on Ravine St. Large white bells and silver and white streamers were used for the decorations. The bridal table featured a three - tier wedding cake topped with a miniature bridal couple. The cake was flanked by a miniature monogrammed bridal couple, a gift of the bride's uncle and aunt, Mr. and Mrs. Mike Paulovich of Smiths Ferry.

The Esquires provided the music for dancing. James Raffle was soloist.

Aides were Miss Shirley Cochran, Miss Linda Maloney, Mrs. Cookie Fitch, Mrs. Lucy Fry, Mrs. Cora LaNeve, Mrs. Virginia Shultz and Mrs. Margaret Monte. Mrs. Cora LaNeve cut the wedding cake.

The bride, a 1962 graduate of Beaver Local High School, is employed at Sears Roebuck and Co. here. Her husband attended Wellsville High School and served two years as a medic in the Army. He is employed as an electrician at the Midland Works of the Crucible Steel Co.

Guests were from California, Virginia, Washington, D. C., Pittsburgh, Coraopolis, Freedom, Midland, Newell, Chester, Negley, Lisbon, Cleveland, Columbus, Youngstown, Wellsville and Weirton.

For her honeymoon, to Acapulco, Mexico, the bride chose a blue - striped suit with beige accessories and her bridal orchids.

The newlyweds will reside in Negley upon their return from their wedding trip.

Pre - nuptial showers were held at the homes of Mrs. Arlene Kirbaugh and Mrs. James Obney.

Midland Resident Serves On Ship That Pounds Viet

Marine 1st Sgt. Nick Gledich, son of Mrs. Mary Gledich of 75 Midland Ave., Midland, has returned to his home port of Alameda, Calif., as a crew member aboard the carrier Ranger after an eight and one-half month deployment in the Western Pacific with the 7th Fleet.

While operating off the coast of Viet Nam, the Ranger pounded strategic sites in North Viet Nam.

Sgt. Gledich, a 1940 graduate of Lincoln High School, has been transferred with his family to Bremerton, Wash., where he will be stationed while the Ranger is being overhauled. His schedule calls for reassignment to Viet Nam for another year.

Beaver Group Asks Fund To Speed School

The Beaver County Community College trustees met at Monaca Junior High School Monday night with committees from 12 of the 25 sponsoring school districts and requested each to advance 0.3 of a mill of their assessed valuation to provide the committee funds with which to organize.

The payments, requested in three stages, would total \$60,000. Dr. L. D. Smith, chairman, discussed at length the possibility of obtaining a consultant to assist in the early stages of organization. The board empowered Dr. Smith to contact Dr. Morrissey, president of the Allegheny County Community College relative to a consultation capacity.

In other action, Dr. Milton Egar, William McComb and Ralph Bennett were named to a screening committee which is to create a chart outlining qualifications of applicants for president at the new school. Fifteen applications already have been received for the post.

Bennett, who is secretary of the trustees, also was named treasurer at the meeting. He said the Union National Bank of New Brighton will be the depository for funds.

Meetings are to be held the second Wednesday of each month at the Union Building Loan Office in West Bridgewater.

Registration Periods Set

Supt. Paul Blair today announced the schedule for registration of new students and first-graders who have not previously attended East Liverpool schools.

On Thursday from 9 to 11 a.m. and 1 to 3 p.m., registration will be held at the Garfield, LaCroft, Lincoln, Neville and Pleasant Heights buildings. On Friday, registration will be held at Glenmoor, Horace Mann, McKinley and Taft during the same hours.

Blair stressed that there will be no registration at the schools on opening day, Sept. 6, in order to eliminate confusion.

Parents are reminded to bring certificates and immunization papers for first - graders. New students also should have proof of immunization.

Evidence Produced By Woman Motorist

MT. STERLING, Ky. — Strange things have happened since Mt. Sterling adopted a law requiring a \$7 windshield sticker for autos.

When residents change cars, they pay only \$1 for a new sticker if they can produce a portion of the old one. Recently, a woman showed up at City Hall carrying a large section of windshield to which the sticker was affixed.

Her old car had been wrecked and she couldn't remove the sticker, so brought along the whole works.

Miss Linda Owens Weds Kenny Johnson At Rites

Miss Linda Owens, daughter of Mr. and Mrs. Clifford Owens of Shadyside Ave., became the bride of Kenny Johnson, son of Mr. and Mrs. Kenneth Johnson of Harker Ave., the evening of Aug. 20 at the Pennsylvania Ave. Methodist Church.

The bride was attired in a street-length taffeta gown with white embroidered flowers, styled with a white satin bow extending to the length of the bell-shaped skirt. The beaded taffeta was held in place by a shoulder-length veil.

She carried a colonial bouquet of white carnations and wore a sixpence in her shoe, a gift from her aunt.

Miss Patty Simms, maid of honor, was attired in a beige antique lace dress.

Mrs. Owens wore a two-piece white knit dress with brown accessories and the bridegroom's mother chose a beige suit with brown accessories.

John Cunningham was best man.

Following the ceremony, a reception was held for more than 100 at the Glenmoor office of the Ohio Valley Gas Co. The bride's table featured a miniature bride and wedding bells for decorations.

Aides were Mrs. Dorothy Cataldo, Mr. and Mrs. Allen Pethel, Mrs. Ruth Brewer, Mrs. Gertrude Pethel and Mrs. Geraldine Campbell.

Out-of-town guests were from New York City, Charleston and Parkersburg, W. Va., Pittsburgh and Akron.

The newlyweds are 1966 grad-

uates of East Liverpool High School. He is employed at the Midland Works of the Crucible Steel Co. They are residing on Walnut St.

Darlene K. Boram Weds In Ceremonies At Church

St. John's Evangelical Lutheran Church was the setting for the marriage of Miss Darlene K. Boram, daughter of Mr. and Mrs. Ronald E. Boram of 816 Avondale St., and Navy 3C Roger A. Scott, son of Mr. and Mrs. Kenneth Scott of 509 John St., on Aug. 20 at 7:30 o'clock.

The Rev. Donald E. Hebrank of New Springfield officiated for the double-ring ceremony before an altar arrangement of five-branch candelabra and flowers. Satin bows marked the family pews. Mrs. William Riedel presented a half-hour of organ music.

GIVEN IN marriage by her father, the bride wore a floor-length gown of Alencon lace and nylon tulle. The basque bodice featured a scalloped Sabrina neckline, re-embroidered with sequins and pearls and long pointed sleeves. The bouffant skirt was designed with an overskirt which formed tiers of lace and tulle ruffles giving a back accent.

Her fingertip veil of imported silk illusion was held in place by a queen's crown of orange blossoms, pearls and rhinestones. She carried an arrangement of white carnations, centered with an orchid and tied with satin streamers forming lover's knots.

Mrs. Barbara Weber, sister of the bride, was matron of honor. She wore a floor-length gown of pink satin. The fitted bodice was fashioned with an A-line skirt. She wore a white floral headpiece with veil and carried a colonial bouquet of white carnations with pink rosebuds.

Miss Diana Volino, bridesmaid, was attired in a floor-length gown of green and white chiffon over taffeta. Her gown was styled with an empire bodice. A white floral headpiece and veil and a colonial bouquet

of white carnations with yellow rosebuds completed her ensemble. Both attendants wore birthstone necklaces, gifts of the bride.

Brenda Ferguson, niece of the bride, was flower girl. She wore a blue satin floor-length gown and a white satin bow with net as a headpiece. She carried a French basket of white and pink rose petals.

The bride's mother chose a blue ribbon knit sheath with white accessories and the bridegroom's mother wore a blue bonded knit sheath with navy accessories. Blue tinted carnation corsages complemented their attire. The bridegroom's grandmother, Mrs. J. G. Woessner, wore a navy blue crepe dress with matching accessories and a blue tinted corsage.

Kenneth Scott, brother of the bridegroom, was best man. Ushers were Ron Boram, brother of the bride, Van Pinkerton and Victor Hargreaves.

A RECEPTION for 100 was held in the church social rooms under the supervision of the Lutherans Class. A three-tier cake, topped with a bridal couple, centered the buffet table, which featured arrangements of lighted tapers and seasonal flowers.

The bride is a 1966 graduate of East Liverpool High School. Her husband is a 1965 graduate of the high school and formerly was employed at Migliore Ford Sales in Midland. He now is stationed at Gulfport, Miss., with the Navy.

For her honeymoon to Niagara Falls, the bride wore a two-piece blue brocade suit with white accessories and her bridal orchid.

areas, especially industrial arts, mathematics and library science."

California, where high salaries once attracted a stream of top-notch teachers, reported widespread shortages — 900 in Los Angeles alone. A spokesman for the State Education Department said 240 school districts had received permission to hire teachers with provisional certificates — those not fully qualified.

"Our sources are drying up," said a department spokesman. "Other states have recently been increasing salaries more rapidly than we have. The shortage at the elementary-school level has been worsened by a new state requirement for elementary teachers to complete five years of college training."

A spokesman for the Philadelphia public school system said about 1,100 vacancies in a total teaching staff of 11,000 would be filled by substitute teachers this year.

A spokesman commented, "There seems to be a shortage of teachers who want to work in urban areas."

School Supt. H. Dale Winger of Pottstown, Pa. — population 26,200 — said he had to travel 1,670 miles and interview 278 prospects to obtain 32 teachers. "They don't come to you," he said. "You have to go to them."

Georgia, a typically hard-hit Southern state, estimated a shortage of 1,800 teachers in its 195 school districts. Georgia's starting salary of \$4,200 is well below the national average and recently fell \$200 below the starting salary of Alabama, which had provided Georgia with many teachers.

Jarrow Lindsey, public information officer for the Georgia Department of Education, said school segregation was a further factor in the state's teacher shortage.

He explained, "A number of those going into the profession probably figured, 'it's just not worth putting up with the problems for the salary.'"

Dr. Charles F. Carroll, state superintendent of public instruction, described North Carolina's situation as critical, with unfilled openings for 1,862 teachers. The shortage of Negro teachers was particularly acute. Of unfilled openings, 950 were in elementary schools.

Hawaii recruited 1,600 teachers this year, mostly from mainland states, but was still short 50 to 100 specialists.

Delmar A. Cobble, assistant state commissioner, said Missouri faced its worst-ever short-

Donna Rae Dunn Marries In Rites At Area Church

Thomas C. Bender and his bride, the former Donna Rae Dunn, are residing in Oakmont following their marriage at the Longs Run United Presbyterian Church and a wedding trip to Canada.

The couple exchanged vows in a double-ring ceremony Aug. 24 at 2:30 o'clock, with the Rev. Arthur Walters, former pastor, officiating. The bride is the daughter of Mr. and Mrs. Donald R. Dunn and her husband is the son of Mr. and Mrs. Orie Bender of Elson Ave.

CANDELABRA, palms and ferns provided the setting for the ceremony. Satin bows marked the family pews. Mrs. Sylvia Firestone, soloist, sang "O Promise Me," "Always," "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a floor-length gown of silk organza and Chantilly lace. The basque bodice was designed with a scoop neckline, outlined with medallions and long pointed sleeves. Her three-tier fingertip veil attached to a pearl crown. She carried a cascade bouquet of white carnations and roses centered with a white orchid.

In observing the familiar traditions for something old, the bride wore gold dollar pieces that were pierced earrings, belonging to her grandmother, Mrs. Maude Dunn.

Mrs. Midge Boyer, matron of honor, was attired in a floor-length sheath gown of mint green organza trimmed with white lace. Her headpiece was of lilies of the valley with a brief veil. She carried a colonial bouquet of yellow roses with yellow carnations.

Bridesmaids were Misses Debbie Croxall, Susan Yanni, Jennifer Dunn and Elka Katz and Mrs. Shirley Silliman. They wore full-length gowns of mint green silk organza. Their headpieces were the same as the one worn by the matron of honor. They carried yellow carnations with streamers in a colonial bouquet.

Lackie Sue Hamilton was flower girl. Her dress was of white batiste with white lace top. She carried a basket of rose petals.

The mother of the bride chose a blue crepe dress with lace and

matching accessories and a corsage of carnations tipped in blue. The bridegroom's mother was attired in a rose suit and black accessories, and her corsage was pink rosebuds.

Robert Boyer was best man. Ushers were Richard Dunn, brother of the bride, Mac McNichol, Chuck Bowers, Raymond Ammon and Gary Bonnell. Billy Dunn, cousin of the bride, was ring-bearer.

A RECEPTION was held for 200 guests at the Calcutta fire hall. The bride's table was covered with a green and white canopy. A white wedding bell, centered with a four-tier cake and candelabra, completed the setting.

Aides were Mrs. Charmae Higgins, cousin of the bride, Mrs. Gladys Allison, Mrs. Ethel Dunn, Mrs. Ruth Dunn, and Mrs. Yvonne Dunn, aunts of the bride. Miss Anita Rayburn registered guests from Canton, Akron, Monaca, Youngstown, Negley, Lisbon and Wellsville.

The bride is a 1966 graduate of Beaver Local High School and a student of the Lewis, Weinberger and Hill Academy of Cosmetology. The bridegroom is a 1964 graduate of East Liverpool High School and is employed at the Midland Works of the Crucible Steel Co.

For her honeymoon, the bride wore a white and blue ensemble with white accessories.

men Charles Kology and Robert Kincaid and Roy Cashdollar, former city clerk - treasurer.

Grodhouse and Futhey stressed that the planning must be done through the metropolitan commission for federal funds to be available, with the government share amounting to three-fourths of the total.

"Then we are a dead duck, because we're in the upper end of the state," Kology remarked. "The aid will stop at Weirton. Charleston only knows we are here during tax and license time."

Kincaid commented, "Why do we have to have a regional planner? Why put a man to work to tell us what we want to do? We already know that we need a library and a swimming pool."

Grodhouse and Futhey continued to emphasize, however, that planning must be undertaken on a regional basis, and listed three phases — data collection, development of goals and objectives, and zoning ordinances — which would lead to the realization of the community's needs.

They then said that a planning firm — Barton and Ashman Associates — has been engaged to begin a study in the three-county area in September.

The two officials agreed to return at a future date and supply further information if requested to do so by the Chester legislators.

Members of the Park Commission attending last night's meeting were Harold Dickey, chairman; Clifford Comm, Sara Thomas and Lawrence Cline.

All councilmen were present with the exception of Richard Johnston. Clerk - Treasurer Donald Hood and City Solicitor James Jordan also attended the session.

ty coroner, said death resulted from head and internal injuries. It was the second motorcycle death in less than a week.

Mr. Wilson's father was killed in a dairy truck accident about 10 years ago on the Damascus Rd., west of Salem.

Salem Township Constable Arnold Popa said the victim apparently was dead at the scene after crawling some 25 feet from the wooded area back to the road where his motorcycle had wrecked.

Mr. Wilson was found lying

in the roadway by James Ashman of Egypt Rd., who was en route to work. Ashman returned home and called Constable Popa about 6:30 a.m.

The victim, it is believed, was driving south on Egypt Rd. when the 1964 motorcycle went off the right side of the road, scraped a tree, continued about 25 feet and skinned another tree and spun around. Constable Popa theorized that Mr. Wilson may have fallen asleep.

Drowning Ruled As 'Accidental'
Beaver County Coroner Dr. John W. Colavincenzo has ruled accidental drowning in the death of William McWilliams, 10, Saturday night near Beaver.
His body was recovered at 11:30 a. m. Monday in the Ohio River.
The recovery ended an intensive search by area fire departments and scuba divers.
The Pittsburgh boy had been riding with an uncle, his brother and the owner of the craft, Harold McMunn of Trafford, when he apparently fell out and drowned.
Funeral services are incomplete.

Girl, 14, Recovering From Sticky Situation
MELBOURNE, Australia — Janet Arnott, 14, is recovering from the year's stickiest accident.
Janette was on her way to a convent when the school bus carrying her and 13 other children collided with a truckload of 2,500 gallons of glue.
The collision burst the container and hundreds of gallons of glue poured into the back of the bus.
Said Janette's father, Len Arnott: "Janette got glue stuck in her hair, in her eyes, and her pockets and her schoolcase were filled with it."
Water was used to hose the highway clear of the sticky mess.

2 Are Confined In Hancock Jail
NEW CUMBERLAND — Two New Cumberland men were confined in the Hancock County jail in default of payment of fines following hearings in the court of Squire John D. Herron here Monday.

Robert Lee Pitman of R. D. 2 was fined \$50 and costs or 20 days in jail for supplying false information to a law officer.
Both men were arrested by West Virginia state police.
In another hearing before Herron yesterday, Harold N. Russell, 19, of Wellsville was fined \$10 and costs for failure to have his vehicle under control. He was cited by state police.
Archie F. Childers, 56, of New Cumberland R. D. 1 was fined \$10 and costs for driving left of center after being cited by the Hancock County sheriff's department.
Eli Perech, 17, of Weirton was fined \$10 and costs after being charged with improper passing by Donald Dunlevy, constable.
Edward Harold, 29, of Edgewood, Ohio, was assessed \$20 and costs on a charge of towing a water skier without having a proper rear-view mirror on his boat.
Nathan Henthorne, 35, of Industry was fined \$20 and costs for fishing without a license.
Harold and Henthorne were arrested by Carl Kirkland, conservation officer.
To keep from drowning, Iroquois Indians carried miniature canoes as amulets.

New Fire Truck Eyed At Calcutta; Member Signed
The Calcutta volunteer fire department, meeting Monday night at the station, discussed plans for purchase of a new four-wheel drive vehicle for use in fighting grass and brush fires on rough terrain.
Specifications were discussed and the department decided to obtain prices on purchase of a chassis and other equipment.

WE'RE GETTING OUT OF TOWN

... 'CAUSE MOM'S GOT A NEW FLAME!

All the relatives are talking. For the first time in years, the whole family is leaving town on a well-earned vacation . . . thanks to Mom's new flame. (A hard working, good looking, clean-cut type. Really sweet talked Mom. Even convinced Dad.)

Mom's new flame is her new Gas furnace. And this dependable new Gas furnace is slashing those heating bills to about one third the cost of the electric heating they had in their old house. Gas heat is saving Dad up to several hundred dollars each year in heating bills. And with that kind of money saved . . . live a little! After all, that modern Gas furnace will save more money next year . . . and more money the year after that . . . and the year after that . . .

Modern Gas heat not only warms the house, it warms the heart. It's a breath of clean, fresh air circulating throughout the house—including the basement.

All this at about one third the cost of heating with electricity. In just a few years you'll save enough to send someone to college. Think of all the things you can do with the money you save with Gas!

Southern Local Lets 3 Contracts

The Southern Local School District Board of Education, at a special meeting Monday night, awarded contracts to three firms, set the prices of meals in the cafeterias for the new term and hired three new instructors.

The Pioneer Provision Co. of Canton was awarded a contract to supply meat for school cafeterias. Repairs on buses will be handled by the Our Co. of Salineville and bus insurance will be written by the Nationwide Insurance Co. agency at Salineville.

Supt. Thomas Leek announced that cafeteria meals will cost 30 cents for students in the first six grades and 35 cents for students in the seventh through the twelfth grades. Seventh and eighth graders will be paying the same prices as those enrolled in high school, he pointed out.

The board also decided to move fourth grade from Franklin School to Salineville Elementary School to relieve overcrowding at the Franklin Building.

Contracts were awarded to the following instructors: Nick Cucinelli of Beaver Falls, to teach high school mathematics; Kathleen Strelko of Salem, to teach high school English; and Margaret Ammerman of Columbiana, to teach the sixth grade at the Salineville Elementary building.

Leek said the district still needs two instructors to complete its staff for the new term. The meeting was called primarily to wind up business not disposed of at the regular meeting on Aug. 8. All members were present.

Stock Market Takes Another Bad Beating
NEW YORK (AP) — The stock market has pushed its dismal record of losses to 10 in the last 11 sessions, as a seven-month decline continued.

Monday it took one of its worst beatings of the year in heavy trading.

The Dow Jones average of 30 industrials fell 13.53 points to 767.03, its lowest level since Jan. 2, 1964.

The Associated Press average dropped 5.5 points to 274.6, another new 1966 low and its worst decline since Nov. 22, 1963, when it lost 7.2.

Of 1,457 issues traded, 1,240

declined and 103 advanced. There were 809 new 1966 lows and no new highs.

Red China issued an invitation to Communist guerrillas everywhere to rise up so "U.S. imperialism can be nibbled up bit by bit." Together with a harsh new attack on the Soviet Union, India and Japan for allegedly plotting with the United States to encircle China, the official party newspaper Peking People's Daily predicted a global outbreak of revolutions once American military might is destroyed.

Mao Tze-tung's regime also stepped up its competition with the Soviet Union for influence in Hanoi by promising new economic and technical assistance to the North Vietnamese for their "fight against U.S. imperialist aggressors." Radio Hanoi said Chinese and North Vietnamese officials signed a non-renewable aid agreement in Peking Monday.

group of Japanese Socialists reported in Tokyo they found President Ho Chi Minh determined to continue the war 20 or 30 years unless the United States settles on North Vietnamese terms. These include unconditional withdrawal of American forces.

However, the Socialist spokesman, Kanejiro Tate, a member of Japan's lower house of Parliament, said the North Vietnamese want to keep the 1954 Geneva agreement on Viet Nam alive. Peking has declared the agreement dead.

How Can I?
By ANNE ASHLEY

Q.—How can I clean shrimp quickly and efficiently?
A.—Try using a toothpick for this chore. Slip the pick under the fine black thread along the back of the shrimp and lift it off in one piece. Using a knife for this job often spoils the shape of the delicacy.

Q.—How can I make the slicing of butter or margarine into neat squares much easier?
A.—Fold the paper in which the butter comes over the blade of your knife and cut with this. It will make a smooth slice, and the butter will not cling or stick to your knife.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I was the "hypotenuse" of a love triangle and therefore I'm qualified to speak on the subject. I'd like to make a plea through your column to every woman who is involved with a married man.

Please put yourself in the place of his wife. Can you conceive of her private heartache and public shame if her husband should die of a heart attack in your apartment or in a backstreet cafe or a motel when you two are hiding out?

How would the story look in the newspapers if you two should become involved in a serious accident? What if the car hits an oil slick, or the boat springs a leak, or the bleachers collapse?

Far-fetched? Yes, of course, but such things happen.

The wife may not be aware that you exist. Can you imagine her humiliation when she learns? And of course if there are children, what would it do to them?

Please give some thought to all the implications, Girls, the next time you date a married man. — ONE WHO DIDN'T.

Dear One Who Didn't: Cheaters often live in a world of fantasy. Your letter may bring some of them back to reality. Let's hope so.

Platter Patter

Dear Ann: I'm a tenn-ager (19) but I'm a rock 'n' roll disc jockey, too. My work brings me into close contact with hundreds of teen-agers every day. They dig me and I dig them.

If you've said it once you've said it a thousand times. "Most boys will take whatever is offered, plus whatever they can talk a girl into — or out of. It's up to the girl to turn him off."

This is true, Miss Landers, but I know some nice guys who got into trouble and it was the girl's idea. Some boys don't want to get involved in heavy love making but when a girl moves in and takes over, the temptation is too much for a normal guy.

So please, Ann Landers, say something. It's time the boys were relieved of some of the responsibility. — D.P. the D.J.

Dear D.J.: You've been so busy spinning those discs that you've missed some of my columns. I've said plenty about it.

I'm well aware it's not always the boy's fault. I've said repeatedly that unless a boy uses a lead pipe or chloroform, the girl is responsible for whatever happens to her.

Honest Confession

Dear Ann: My wife is very friendly with a woman she used to work with before we were married. The woman is attractive and pleasant and has remained single.

The other evening she confided in my wife that she is having an affair with a man (unmarried) she has known only a few months.

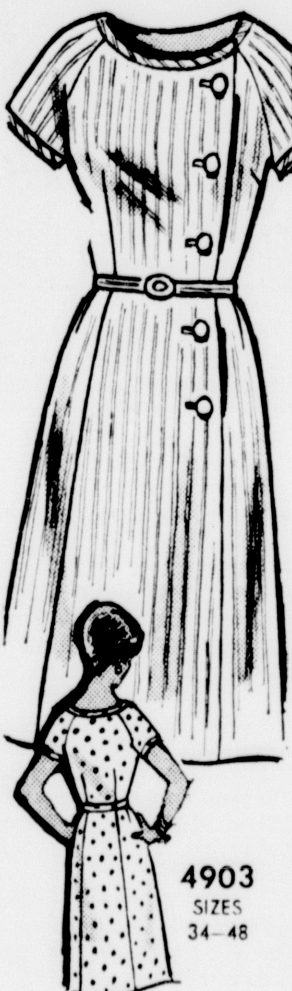

I'm so disgusted that I find it impossible to be civil to her. Am I justified in telling my wife not to invite the woman over again? If I'm wrong, how do I put her behavior out of my mind? — MR. DISAPPOINTED.

Dear Mr.: Who appointed you judge, jury and chief executioner? Although I can understand your disappointment, there's something wrong with an individual who can't be civil to those who don't live up to his standards.

If you are unable to be decent to the woman suggest that your wife see her when you are not at home.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

To Serve One-Year Terms

1,008 Precinct Officials To Receive Notices Soon

The Columbiana County Election Board is preparing to mail notices of appointment in early September to 1,008 men and women who will serve as judges and clerks in its 168 polling places.

The appointments will be for one year, meaning that the precinct officials will staff the polls both for the November general election and the May 2 primaries in 1967.

Six officials serve in each precinct — three from each major political party. The appointments are based primarily on the recommendations of each party's county central committee. Democrats and Republicans elect a so-called precinct committeeman for each of the precincts.

Except for the presiding judge also is paid mileage and a fee for picking up election supplies and returning them after the balloting.

The \$20-a-day rate is an innovation that took effect last spring. The Election Board, acting under authority in state law,

voted a \$4-a-day increase to the precinct staffs. Previously they were paid \$16 a day.

The number of precincts has climbed to 168 from 167 as a result of the board's recent action in establishing a new polling area in Washington Township.

The board acted about two weeks ago to create a second Washington Township polling place. Previously, all of Washington Township voted at a single location.

The board pointed out that the precinct judges and clerks will receive "notices to serve" shortly before the primaries next year, as distinguished from the notices of appointment that are being drafted now for mailing within a few days.

Cincinnati Gets Federal Loan On Renewal Project

CINCINNATI (AP)—The city's plans for urban renewal work along the Ohio River front, including a sports stadium, got a boost Monday when the Department of Housing and Urban Development approved a \$15,071,560 grant.

At the same time, the federal agency approved a \$17,874,081 loan to help Cincinnati finance the 142-acre project.

Rep. John J. Gilligan, D-Ohio,

announced the grant, but said it does not include money for actual construction of the proposed stadium to be located in the area.

The grant will permit the city to acquire necessary property and remove old buildings. Once the land is purchased and cleared, plans call for public parking and recreation sites in addition to the stadium.

The state also announced Monday its intention of providing \$500,000 toward the \$1.5 million cost of building a new public landing, a marina and some access roads.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Do any of your readers have bridesmaid dresses, high school and college formals they don't know if they'll ever wear again?

My mother-in-law surprised me with two beautiful lounging robes shortly after I was married.

They were formals I had stored in her attic! She removed the long back zipper and placed the zip opening in the front, thus giving the formal a "lounging appearance."

Such a pretty lounge robe would have cost a fortune in a store, and I felt so elegant lounging around our home in the evenings.

I'm going to do the same with my daughter's formals. I'll match the robe with a night gown and present them to her on birthdays, etc.

CHARLOTTE D.

What a wonderful way to utilize those beautiful formals which might otherwise be stored away for years then discarded.

Even short formals could be used if you'd make a pretty pair of slacks to go with them.

HELOISE.

DEAR HELOISE: In recipes that call for "dotting" the top or crust with butter, I use a small, flat grater (available at any dime store) and grate very cold butter over the top.

This not only eliminates messy fingers but it also uses less butter and distributed it evenly. I keep one stick of butter almost frozen for this purpose.

It also works fine when making oven-toast for a big crowd.

ELIZABETH G.

LETTER OF LAUGHTER

DEAR HELOISE: How is it when I give my four daughters-

in-law a little household hint or useful advice, they always seem to know a better way?

But when they read your column, my gosh, all I hear is 'Heloise says this and that.'

PERPLEXED

DEAR HELOISE: Don't throw away your worn, white cotton or nylon gloves.

They sure come in handy when you have a sore finger, hangnail or such.

Just cut the finger out of the glove and tape it over the bandage on the sore finger to protect it.

It's marvelous.

VIVIAN CENTER.

DEAR HELOISE: Save two of the little squeeze type plastic bottles that neutralizer (for giving home permanents) comes in.

Wash them out and put water in one and white vinegar in the other.

Feep them by your ironing board. The little nozzle on the end of these bottles is wonderful for going down a seam you want opened up, and puts on just the right amount of water to press the seam open and flat.

I use the white vinegar on hem or other creases to iron the crease away. It doesn't leave any ring or mark... just be sure you use white vinegar.

Harold Earich, son of Mrs. Mary Ann Earich of 249 Moore St., laceration of the right heel on glass, and Christina D. Filippino, daughter of John DeFilippo of 1116 Commerce St., Wellsville, laceration of the chin in a fall from bed.

Human Relations Unit Post Filled By Mayor

Mrs. Ellen Polen of Gaston Ave., a school teacher and wife of Earl Polen has been appointed to a vacancy on the Community Relations Board. Mayor George E. Willshaw said today.

Mrs. Polen succeeds George Hargraves, former assistant school superintendent here, who resigned to take a post as superintendent of a newly established school district in Meigs County.

The Human Relations Board, established by former Mayor Merrill D. Hall, is comprised of members representing a broad segment of the community who meet periodically to air any reports of alleged discrimination.

Grid Coach To Speak For Lisbon's Kiwanis

LISBON — The Kiwanis Club will have its annual pre-season "football huddle" Thursday noon after lunch in the Eagles Auxiliary Temple.

Coach George Ceremuga will be guest speaker. Jack Beck, program chairman for September, has invited him to discuss prospects for the 1966 Blue Devils.

Cornell P. Monda, president, has appointed Ralph Rizzo and the Rev. Fred Shiltz to the club's Support of Churches committee.

Kiwanians will elect a second vice president and five directors at the Sept. 8 meeting.

Hookstown Residents End West Coast Visit

Susan Rae Welch, Mary Lea Maxwell and Kaye Hobbs, all of Hookstown, have returned to their homes after a two-month vacation on the west coast.

Miss Welch will attend Geneva College, Miss Hobbs will attend Slippery Rock College and Miss Maxwell will teach in Burgettstown area schools this fall.

Excell Selected As Post Adjutant

Harry Excell was named adjutant during a meeting of Wellsville American Legion Post 76 Monday night.

He succeeds Mrs. Frances Lowther, whose resignation was accepted. The post accepted the resignation 'with regret' and praised her service.

Francis House, first vice president, presided. Frank Dyser, commander, George Wilkins and Joseph Hughes were named delegates to the Columbia County Legion Council. Excell, Earl Leughmyer and Dorman Householder were elected alternates.

Sam Maylone, finance officer,

presented the financial report. Householder reported on the stag picnic and Harold Dickson on a dance held Saturday night. Donald L. Backus was accepted as a new member. Wilkins, chaplain, reviewed his visitations.

Dean Wright, county commander, was a guest. The post was presented a citation for its child welfare work.

A film on the auto races at Indianapolis and on the family picnic and stag picnic will be screened at a later date during a joint meeting with the Auxiliary.

Viet Nam, Cambodia and Laos were carved out of the former French Indo-China.

Inmate's Appeal Denied By Sharp

LISBON — Judge Joel H. Sharp of Common Pleas Court has denied an Ohio Penitentiary inmate's petition to have his sentence set aside.

Sheldon Winfield Dillon, 43, formerly of Lexington, claimed "he was denied due process of law and equal protection of the law" in the proceeding against him in 1958.

Charged with giving a bogus \$38.40 check to James Gurlea of Salem, Dillon pleaded guilty and asked for immediate sentence. Judge Sharp sentenced

him to 1 to 20 years. He was committed May 6, 1958.

Dillon's petition of Aug. 19 stated the "plea of guilty was provided through duress, and the journal entry of sentence does not state the Ohio code section under which the conviction was had."

Judge Sharp said he studied all aspects of the case and found to his satisfaction the prisoner is entitled to no relief.

Man Given Jail Term In Intoxication Count

A man identified as Harold Amos, an East Liverpool resident with no permanent address, was remanded to County Jail today in default of a fine of \$100 and costs imposed by Municipal Judge Samuel M. Chertoff when he pleaded guilty to an intoxication charge filed under state law.

Amos was arrested Monday at 9:30 p.m. in Peach Alley by Patrolman W. A. Devon, police said.

Elmer Hackathorne of 204 1/2 Rural Ln., also charged with intoxication under the state law, pleaded not guilty when ar-

rained this morning. Judge Chertoff continued his trial until Wednesday at 9 a. m. to arrange the appearance of the arresting officer, Patrolman Paul Blevis. Hackathorne was arrested at 11 p. m. Monday in Drury Ln., police said.

Won, But Lost

Andrew Jackson did not become president in 1824 even though he had the most electoral votes. No candidate had a majority, so the election went to the House of Representatives, which voted by states. Henry Clay threw his support to John Quincy Adams, who won the presidency with the votes of 13 states.

A green four-leaf clover is the emblem of the 4-H Club. Each green leaf has a white H on it (for Head, Heart, Hands, Health).

Out Of The Air

By RICHARD K. DOAN

Richest Sheriff In History

RICHEST Sheriff in History later this year if enough meaningful material from other sources can be acquired, the official said.

Richard Doan his popular comedy series. But in the end he has managed to convince himself he should stick with it.

USUALLY, though, it's an 11th-hour thing.

Not so this time. He has just committed himself to CBS for five years to come in a two-pronged deal involving specials as well as his series.

It suggests, however, that he could be looking to phasing out the weekly routine in favor of occasional specials, the way Danny Thomas did.

THE NEW DEAL extends his Monday night shows through the 1967-68 season, which is more than a year away.

At the same time he has made an exclusive agreement to star in a special each year for three years starting with the 1968-69 season. That carries him into 1971.

Griffith will turn up on Jim Nabors' "Friends and Nabors" special on Oct. 12 and star in an hour of his own some night early next year. For some unexplained reason, what he'll do in the specials department in 1967-68 hasn't been spelled out.

CBS NEWS now has made a few attempt to get some kind of believable pictorial record of what everyday life in China is like by sending in a specially trained German film crew.

Don Hewitt of "CBS Reports," former producer of Doug Edwards' evening newscasts, even flew to Paris to coach the Germans, putting them through dry-run interviews with French families to instruct the team on the kind of questioning he wanted done.

The four-man German crew went to China and returned with 40,000 feet of film.

EVIDENTLY something less than what Hewitt hoped for is recorded on it. A CBS News spokesman said the Germans were required to take "the tourist route" and the resulting footage evidenced "lots of propaganda."

Hence, an intended September air date for the planned hour-long documentary, tentatively titled "Inside China," has been canceled.

The program will be aired

ABC is continuing to make impressive programming waves. The network has just rocked the industry with a \$3.5 million commitment to independent producer David L. Wolper for a series of 12 real-life underwater adventure films.

The hour-long programs, titled "The Undersea World of Jacques-Yves Cousteau," will picture new explorations by the French oceanographer whose probes of the briny deep were the subject of a National Geographic-sponsored special on CBS last season.

COUSTEAU, who will be in New York shortly for a press conference to announce his plans, reportedly has blueprinted a five-year study of the ocean depths which ABC's commitment will help bankroll.

Tentative plans call for the TV series to have a story line and to be photographed in the Atlantic, Pacific and Indian oceans.

The 12 programs are to be presented over an 18-month period beginning in the fall of 1967.

There can be little doubt that for ABC the project is part and parcel of a heightening effort to put the network on a footing with its rivals in the real of prestige - oriented "actuality" programming.

PAUL HENNING, producer-writer genius behind "The Beverly Hillbillies," "Petticoat Junction" and "Green Acres," is trying to develop a TV series for Phil Silvers.

The comedian can use such help. His TV fortunes have sagged badly since Sgt. Bilko days. Henning reportedly will give this series a non-rustic theme about city people.

CBS has ordered up a movie-for-TV to be based on a Jules Verne character, Capt. Nemo, skipper of an underwater craft. The picture will be made in Great Britain and shown in movie houses before it reaches TV.

Texas Still On His Archery Target At 83

AUSTIN, Tex. (AP) — Though he is 83 years old, T. E. Armstrong is still on target when it comes to his favorite hobby of archery. Competing in two or three club matches each month at the Austin Archery Club, he manages to hit the bull's-eye with a regularity that makes him a strong competitor.

A bow and arrow enthusiast for 40 years, Armstrong uses a 43-pound pull bow. "Most of today's archers shoot aluminum arrows," he points out, "but I still prefer the wooden ones."

Gov. Rhodes Auctions Steer For National Record Price

COLUMBUS, Ohio (AP) — The 19-year-old Stivers had runnerup entry last year when the Junior Fair steer sale brought top price of \$4.02 a pound.

While Angus faced the end of the line, the fair rolled on with continued record crowds who furnished bright prospects for fulfillment of another prediction—that of officials who visualized an unprecedented 15 million admissions.

The total reached the halfway mark — 750,883 estimated — with only five days elapsed through Monday of the 12-day exposition that runs through Labor Day.

The Monday attendance, in the wake of a 400,000-plus weekend, was 64,453 paid plus an estimated 30,000 gratis.

Features Wednesday include more harness races, more of Herman's Hermits and Perry Como, and at 7:30 p.m. EST, the Queen of Queens Pageant.

Central Figure In Dual Identity Battles Cancer

OMAHA, Neb. (AP) — John F. (Fritz) Johnson, 39, central figure in a dual identity case almost a year ago, has been hospitalized for treatment of cancer of the liver.

Diagnosis of the illness originally was revealed in May by his doctor. A cancerous eye had been removed in 1964. He entered the hospital Sunday.

Fritz who was Lawrence Bader of Akron, Ohio, until he came to Omaha in 1957 after disappearing on a fishing trip, has been working part time as a radio announcer, known professionally by the single name "Fritz."

He has maintained he has no recollection of his life at Akron or his wife and four children living there. After the dual identity was discovered, however, his marriage to the former Nancy Zimmer was annulled.

To Encourage Applicants

Eased Rule On Residency Aired In City Police Jobs

To encourage broader fields of applicants for city police department patrolmen's posts, the Municipal Civil Service Commission may waive its rule that limits eligibility to residents of East Liverpool and allow any Columbiana County resident to compete in its exams.

The commission discussed the rule on eased residency requirements at a meeting Monday night at City Hall, but decided to take no final action pending further study.

The department now has two patrolmen's posts open, but the commission has received virtually no applications on several occasions when it sought to conduct exams to make up new eligibility lists.

At present, the commission follows the rule that an applicant must be a resident of East Liverpool, in addition to all the other requirements. But it said law permits the commission to open up the exams to applications from throughout the county if the commission deems such a move advisable.

One patrolman's job has been open about a year — since the resignation of Officer Jack Walsh. The other vacancy was created when Robert B. Pyle moved up from patrolman to lieutenant a few months ago to succeed William E. McDaniel, resigned.

The jobs pay \$400 a month for beginners, then advance to \$440 at the end of six months. The commission pointed out there are a number of fringe benefits, including a retirement plan, an annual uniform allowance, longevity pay and hospital and life insurance.

The commission also set two competitive exams to draw up eligibility lists for jobs.

A test will be held Oct. 3 at 7:30 p. m. to create a new list for appointment of school custodians. Applicants must be at least 25, but not over 60. The applications may be filed until noon Sept. 12. There are no vacancies on the school custodial staff at present.

The commission also set a test Oct. 4 at 7:30 p. m. to fill the post of night custodian at City Hall which was vacated last winter by the retirement of Kenneth Birch. Applications will be received until noon on Saturday, Sept. 17. The age bracket is the same as for the school custodial posts—25 to 60.

The commission also received from the Board of Education a list of all its custodial employees for 1966-67 school year. The list shows data on each worker, including job assignment, seniority and rate of pay.

The commission received a notice from Sheriff Russell J. VanFossan that three recently appointed East Liverpool patrolmen have passed a 120-hour training class conducted at Lisbon under the sheriff's supervision. The "graduates" are Patrolmen Dwight M. Garvey, William F. Copestick and James W. Buckley. A new Ohio law effective at the first of 1966 requires that all new law enforcement officers must have the training. The sheriff is the coordinator of the program for Columbiana County.

The commission also received a notice from Safety Service Director Robert E. Vodrey advising that Marvin E. Woolley was appointed officially on Aug. 5 to the position of assistant city engineer, replacing the late Harold (Bus) Cartwright. Woolley previously held the post on a provisional basis.

AP's Business News Analyst To Quit Wednesday

NEW YORK (AP) — Sam Dawson, business news analyst for The Associated Press for more than 18 years, will retire Wednesday.

He will be succeeded by John T. Cuniff as author of "Today's Business Mirror," a daily column for afternoon newspapers.

Dawson, 65, wrote his first column in 1948. It soon became one of the most widely published business columns in the country and was read by millions.

Dawson joined The AP in New York in 1925. He left two years later to work on newspapers in Arizona but returned to The AP staff in 1937 as correspondent at Tucson, Ariz.

After service with the Army Air Corps in World War II, he came to the business news department in New York.

Cuniff, 37, has served on the business news staff for more than five years. He has been editor in charge of the business news desk for the past three years.

Cuniff was born in Boston. He is a graduate of Boston University and also has a master's degree from the Columbia University Graduate School of Journalism.

He joined The AP in Boston in 1959, and was assigned to the Memphis (Tenn.) bureau that year. He was transferred to New York in 1961.

In 1960 he won the George Polk Memorial Award for national reporting for stories on racial discrimination against Negro farmers in Fayette County, Tenn.

Dinner Meeting Set By County Realtors

SALEM — The Columbiana County Board of Realtors will hold a dinner meeting at 6:30 Sept. 13 at Timberlakes here.

Plummer E. Diehl, owner-operator of the Diehl exterminating service, will discuss termites and their control. Plans will be made for the remainder of 1966.

John J. Cronin, regional representative of the National Association of Real Estate Boards, will speak at a luncheon meeting Oct. 13 at Timberlakes.

Stark Probe Opens On Migrant Camps

CANTON, Ohio (AP)—An investigation into housing and sanitation at unlicensed migrant worker camps was to begin today in the northern part of Stark County.

The investigation was prompted by a fatal shooting last Thursday at a farm using migrant labor. Investigators said 17 members of two families were living in a six-room, two-story house where the shooting occurred. The house was not licensed under migrant worker camp regulations, officials said.

WASHINGTON (AP) — Two Marines, Lance Cpl. Joel Bernstein of Philadelphia, and Pfc. Elbridge C. Aigeldinger of Haverstown, Pa., have been killed in action in Viet Nam, the Defense Department announced Monday.

Hold 5-Man Crew As Hostages

2 Convicts Commandeer Train In Bid For Freedom

FLORENCE, ARIZ. (AP) — Two escaped convicts, one with a loaded shotgun, commandeered a Southern Pacific Railroad train with a five-man crew in a desperate bid for freedom.

For almost two hours Monday, the pair threatened the hostages and then pleaded for their own lives with a 70-man posse waiting at the end of the track.

The train's slow, 35-mile ride followed the old Butterfield stage route along which masked holdup men worked in the late 1800s.

There were 21 empty ore cars standing between the engine and caboose when Edward Schiffauer, 28, and William Henry McCallister, 21, jumped aboard the caboose at Kelvin, where work crews were repairing track.

"I turned around, and I saw a 12-gauge shotgun in my face," Mel Hardy, the conductor, said.

"The guy with the shotgun (McCallister) was the leader. They said, 'Don't move, don't move' and I didn't move."

McCallister and Schiffauer ordered their hostages in the caboose to radio the engineer to move the train.

Engineer Charles R. McGowan started the train, saying later, "I went slow because I figured if these guys decided to run for it, I didn't want to do anything to keep them from it."

McGowan moved the train about 15 miles an hour down the tracks. Overhead, an Arizona Highway Patrol plane kept in radio contact with a sheriff's posse and guards from the state prison at Florence from which the pair had fled on foot more than an hour earlier.

While a dust storm hampered prison guards on horseback and in cars, McCallister and Schiffauer were climbing aboard the train.

Aboard were McGowan, Hardy, M.A. Ward, the track superintendent, and brakemen Bobby Toddy and K.E. Allen.

"Take off and don't stop for anybody," McGowan was told by radio.

"When we got to Hayden and had to stop, the sheriff took over."

The copper shelter at Hayden, where the track ends, is almost 40 miles east of the prison.

Sheriff Coy De Arman climbed into the caboose of a train on an adjacent track and talked with the two convicts. After 10 minutes, during which he refused their plea for time to run in exchange for the lives of the hostages, the pair surrendered.

Patrol Urges Safe Driving With Holiday Weekend Near

With the approach of the Labor Day weekend marking the close of the summer vacation season, Sgt. R. J. Rizzo of the Lisbon Highway Patrol post reminded motorists today that traffic accidents can be avoided by driving carefully and paying strict attention to the road.

In an effort to help prevent accidents, highway patrolmen will be on duty round the clock, concentrating their efforts in areas of high accident frequencies and high traffic densities, Rizzo said.

Rizzo further reminded motorists that violators will be cited to court—not warned. He said more than 5,000 drivers were cited by Ohio highway patrolmen over the July 4 weekend.

At the same time, the sergeant pointed out, officers helped more than 2,000 disabled motorists who experienced breakdowns ranging from a flat tire to motor trouble to running out of gas.

Thirty-one met death on the roads in Ohio over the July 4 weekend. The Memorial Day weekend accounted for 15, a

new low. Thirty-three deaths are predicted in traffic over the Labor Day weekend.

Rizzo has these suggestions for those who will be motoring:

1. — Allow yourself plenty of time. Don't hurry. Obey the speed limits.

2. — Make sure your car is in "top" shape. Take time to check it thoroughly before you start.

3. — Be alert at intersections and ready to yield the right of way to the "guy" who doesn't.

4. — Stop and rest at least every two hours. Get out of the car and move around a little.

5. — Be ready to take action to avoid a collision should the other driver make a mistake.

6. — Obey the traffic laws and signs and signals and keep your car under control at all times.

7. — Wear seat belts even on short trips around town. Remember, most accidents happen close to the driver's home.

8. — Drive with your lights on at all times to remind others to drive safely and help prevent accidents.

Local Lions Announce Plans For Coming Essay Contest

The East Liverpool Lions Club today announced plans for local sponsorship of an essay contest being conducted by Lions throughout the world.

The theme is "Peace," with the worldwide competition offering \$50,000 in total awards, including a \$25,000 first prize, eight semi-final world regional awards of \$1,000 each and travel expenses for the eight finalists to Chicago next July.

More than 20,000 local, district and multiple district awards will be made.

Richard Walker of 917 May St. and Austen Moore are serving as co-chairmen of the local contest.

The competition is open to young people who will be 14, but less than 22 years of age as of next Jan. 15. It was announced by Edward M. Lindsey of Lawrenceburg, Tenn., president of Lions International, during the annual convention in New York.

The winner here will advance to District 13-D competition.

"The purpose of the contest is to develop a formula for world peace, because we feel peace is attainable," Walker and Moore said. "We want to help alert our youth to the need for world peace and focus attention on that important goal."

The co-chairmen outlined the following rules:

Contestants should submit their entry in essay form, not to exceed 5,000 words.

Judging will fall into four categories: 75 per cent of the essay's points will be devoted to

content, 10 per cent to organization, 10 per cent to style and 5 per cent to mechanics. (The mechanics segment will be used to appraise the grammatical construction of the essay.)

"Three judges will be appointed to evaluate the entries submitted to our club," Walker said.

"If our winner can advance through the judging stages up to the world finals he will receive an expense-paid trip to Chicago to attend the Lions International 50th annual convention for the final judging of his essay in addition to the \$1,000 award."

Closing date for the club's contest is Dec. 10.

Students wishing to enter should contact Walker or Moore for full details.

Team Has 60 In Amateur Golf Contest

A team of Rick Crable, G. A. Weese, Bob Goodman and Tom Rabb combined for 28-32-60 to win the men's amateur amateur contest Saturday at the Country Club.

Two teams tied for second with 62's. They were captained by William R. Kelly and J. M. Koons.

Dr. R. J. Kinsey finished five up and won Sunday's match play vs. par event.

Second was Dr. J. J. Laneve with four up while Dr. H. F. Banfield was three up.

The second division went to J. A. Jordan at one up while L. W. Smith finished even.

Horton Wrecks Orioles

Allen Marks Return To Twins Lineup With 3-Run Homer; Tigers Top Birds

By RON RAPOPORT
Associated Press Sports Writer
Al Kalline says it isn't over yet and you couldn't prove any different by Willie Horton.

Kalline took exception recently to the suggestion that Baltimore, ahead of the rest of the league for eons now, had the American League pennant wrapped up.

Basically, Kalline's thought was that if the Tigers could get a jump on the Birds in their current series, anything could happen.

And Monday, Horton responded to Kalline's call. He clubbed a pair of homers and a single that drove in five runs, giving Detroit a 6-3 victory.

Baltimore's lead is still 11½ games, though, and looks as insurmountable as ever. The Orioles have lost seven of their last 10 games, but have had just two games taken off their league lead.

Horton, who now has 21 homers, hit his first of the evening, a solo job, in the second inning, then came back in the sixth with a three-run drive. Both came off loser Dave McNally who has yielded five homers to Willie this season. Bill Freehan also hit one for Detroit.

Frank Robinson raised his league-leading homer mark to 41 and pulled into a tie with teammate Boog Powell for the RBI lead at 98.

Elsewhere in the American League, Chicago shut out Cleveland 2-0, New York beat Kansas City 7-2, Minnesota dumped Washington 6-1 and Baltimore took California 4-3.

Denny McLain picked up his 16th victory for the Tigers and he did it the hard way. In all, he threw 229 pitches, walked nine, struck out 11 and had to contend with baserunners in every inning.

Tommy John threw a five-hitter at Cleveland and Tommie

Weekley Leads 6 Regulars

By BOB DUFFY
Review Sports Editor
"We'll win our share this season," was the optimistic outlook painted by Ken Woods as he starts his ninth campaign at Wellsville High School.

The days of Chris Thornton are over and while Thornton was setting new school rushing and scoring records last season creditable 6-4 season.

Woods is basing his opinion on the fact that six regulars are back from last season plus six other gridgers who saw enough game time to win letters.

WOODS seems enthused about his backfield which is shaping up well with Rich Hall, regular quarterback and Todd Weekley, veteran halfback both returning.

The Wellsville mentor calls Weekley "the best back on the squad" and is expecting big things from the 155-pound senior. Weekley has fair speed and is a tough runner, Woods said.

Hall came up with a sore arm last year preventing him from throwing as much as Woods would have liked but the 150-pound senior has been throwing well in practice so far.

TEAMING with Weekley at the other halfback spot will be Jack Young, 150-pound senior, who has been converted from a guard. Woods pointed out that Young has good speed and apparently has found a spot in the backfield. He lettered at guard last season.

The fullback spot is being handled by Chuck Sines, 150-pound junior. "Sines is inexperienced but has looked good in practice, has fair speed and is a hard runner," Woods said.

DICK STEVENS 160-pound senior who was injured all of last season is another fullback candidate while Mark Powell and Mitchell Dorsey a couple of juniors have looked impressive at times.

The forward wall has some "beef" up front led by three returning lettermen. Carl (Butch) Davis weighed in for practice at 220 and the senior will be back at his tackle spot.

Another veteran lineman is Bob Duffield, 190-pound senior center who will play middle guard on defense. The third letter winner is Bob Morehead, 155-pound senior, who will go both ways at end. Morehead is rated a good receiver.

12 Are Expected In Hambletonian

By CHARLES CHAMBERLAIN

DUQUOIN, Ill. (AP) — In a race that shapes up as unpredictable as Wednesday's 41st Hambletonian, the only sure thing seems to be that a mile record heat is beyond approach.

It used to be that the time barrier for 3-year-old trotters was a two-minute mile. But that has been shattered on the lightning-fast clay-topped mile oval at the Duquoin Fairgrounds. The record finally was ground down to an amazing 1:36 4-5 set by Ayres in 1964.

This may hold for years to come. The speed angle of Wednesday's \$122,540 race, which has drawn a field of 10 colts and two fillies, reverts

to the once magical two minutes.

"I look for the fastest heat to be between 1:59 and 2:00," says veteran Delvin Miller, whose wife, Mary Lib, is one of the owners of favored Carlisle. "I think it will take three heats, and maybe the limit of four, to decide the winner. That's because there are four solid contenders — the most for the Hambletonian in at least 60 years. It may be decided on lucky breaks alone."

Canny Joe O'Brien, driver of Governor Armbr, who has finished second seven times in 12 starts this year but never has won, is disappointed in drawing the No. 10 post position for the first heat.

"It's definitely a handicap for me," he says. "I think the race will go more than two heats. I hope so, because I don't think I can win the first heat from the No. 10 slot."

Consensus of driver-trainers is that the filly Kerry Way, 2-year-old trotting champion of 1965 who in a light campaign this year has won three of eight starts, is the horse to beat. Driven by Frank Ervin, who captured the 1959 Hambletonian with Diller Hanover, Kerry Way recently turned in the fastest trotting mark for 3-year-olds of the season with 2:00 1-5 on the mile track at Springfield, Ill.

The fans seem to favor Carlisle, reined by Billy Houghton, who has won every harness racing honor except the Hambletonian.

CHARLES CROSS, 190-pound senior who didn't play last year is battling for a guard post, while Charles Brown, 135-pound junior, who was on the kicking team last year, will be used at guard.

Bob Culp, 170-pound senior will be at the other tackle after being used in spots last year. Other promising tackles are Melville Worley, a 210-pound junior end while Morris McCune, 165-pound senior is listed for an offensive end spot.

Another letter winner is Ernest Gibbon, 155-pound senior, who saw all his action at defensive back last year.

In sizing up the squad, Woods said "there is a weakness at guard and inexperience at halfback and fullback. We are bigger at the tackles than last season and the team has fair speed. The spirit has been very good."

THE WELLSVILLE mentor reported that John Roberts, 160-pound senior who was a regular guard on the 1965 team has not reported so far and he looms a question mark at the present.

Candidates number 65 at Wellsville including freshmen.

The Tigers open the 1966 campaign Sept. 9 at Oak Glen where the Bears will be seeking revenge for the loss to Wellsville last year. The Tigers were one of two teams that defeated Oak Glen last season.

While Woods claims all the opponents to be tough, he singled out Oak Glen, Toronto, Salem, Jefferson Union and Beaver Local as the stronger foes.

The 1966 schedule follows:
Sept. 9 Oak Glen, away
Sept. 16 Lisbon, home
Sept. 23 Toronto, home
Sept. 30 Southern, home
Oct. 7 Weirton Madonna, away
Oct. 14 Mingo, home
Oct. 21 Salem, away
Oct. 27 Jefferson Union, away
Nov. 5 Springfield, away

ROY EMERSON (right) looks on as partner Fred Stolle gets set to hit backhand shot as they defeated America's team of Dennis Ralston and Clark Graebner to win the U.S. Doubles championship at Longwood Cricket Club Monday. (UPI Telephoto)

Emerson, Stolle Capture National Doubles Crown

By DAVE O'HARA
Associated Press Sports Writer

BROOKLINE, Mass. (AP) — Davis Cup veterans Roy Emerson and Fred Stolle headed for the U. S. Singles Tennis Tournament determined to upset the seedings today after returning the National Doubles Championship to Australia for the 11th time in 21 years.

Emerson, 29, and Stolle, 27, retained the U. S. doubles crown and jolted America's Davis Cup hopes by overwhelming Dennis Ralston, the nation's top-ranked player, and Clark Graebner 6-4, 6-4 at Longwood.

Emerson had little complaint about his No. 2 ranking behind Wimbledon champion Manuel Santana of Spain for the National Singles opening Thursday at Forest Hills, N.Y.

Stolle, however, was peeved that he was not seeded in the singles — although he smiled and tried to act nonchalant about the matter.

"After talking with some of the American players, it seems that the seeding committee should be in a Noah's Ark or

something," Stolle said. "This is the first time I haven't been seeded in five years."

Ralston and Graebner were at a physical and mental disadvantage as they were required to play nearly 45 minutes at midday to complete a 6-3, 3-6, 6-8, 15-13, 11-9 victory over Aussies Tony Roche and John Newcombe. The semifinal had been called with the score 2-2 in the fifth set because of darkness Sunday night.

"It probably was unfortunate we had to play again after the semifinal," the 24-year-old Ralston said. "We were all keyed up for continuation of the first match. However, we were fortunate to get into the finals as we could have lost the other match just as easily."

Top-seeded Maria Bueno of Brazil and Nancy Richey of Farmers Branch, who had won the U. S. women's title with different partners in the past scored again as they defeated Billie Jean Moffitt King, the Wimbledon champion from Long Beach, Calif., and Rosemary Casals, 17, of San Francisco, 6-3, 6-4.

Jim Bunning played Jack and the Beanstalk against the Giants again, Mike Cuellar turned in a first against the Pirates, and Bob Shaw got a one-day jump on the Dodgers.

So, nothing's changed as far as the top three teams in the National League are concerned. Bunning killed the Giants for the 10th time in 12 decisions against them as Philadelphia beat San Francisco 5-1 Monday night.

Cuellar notched his first major league shutout, blanking the heavy-hitting Pirates 2-0 at Pittsburgh.

Roger Maris Is Thinking Of Quitting

KANSAS CITY (AP) — New York Yankee outfielder Roger Maris confirmed a report Monday night that he is considering giving up baseball after this season.

considering it. I haven't said either way to anyone yet."

Milton Gross, a columnist for the New York Post, reported that "Maris is disappointed, disillusioned and almost in despair."

Maris, interviewed by Sid Bordman of the Kansas City Star before Monday night's New York-Kansas City game, called that "a little strong."

The 31-year-old athlete has been bothered by a sequence of injuries over the last two seasons.

Maris, who with his wife, Pat, and their six children, live in nearby Independence, Mo., has played in 101 games this season. He is hitting .233 with 10 homers and 37 runs batted in.

Shaw, who had lost twice to Los Angeles this season, both times to Sandy Koufax, turned the tables on the Dodgers by pitching the New York Mets to a 5-3 victory. Koufax is scheduled to pitch tonight against the Mets.

San Francisco and Pittsburgh remained in a first-place tie, with Los Angeles a game back. In other NL action Monday night, Cincinnati downed St. Louis 2-0 and the Chicago Cubs

outlasted Atlanta 4-2 in 14 innings. Giants Manager Herman Franks had little trouble in explaining Bunning's mastery over his club.

"Because he's a good pitcher, that's why," Frank fumed. "Why the hell do you think? He's good."

Bunning allowed two hits in the first inning, one of them Willie Mays' run-scoring double, and then didn't allow another

until the ninth when the Giants got two harmless singles.

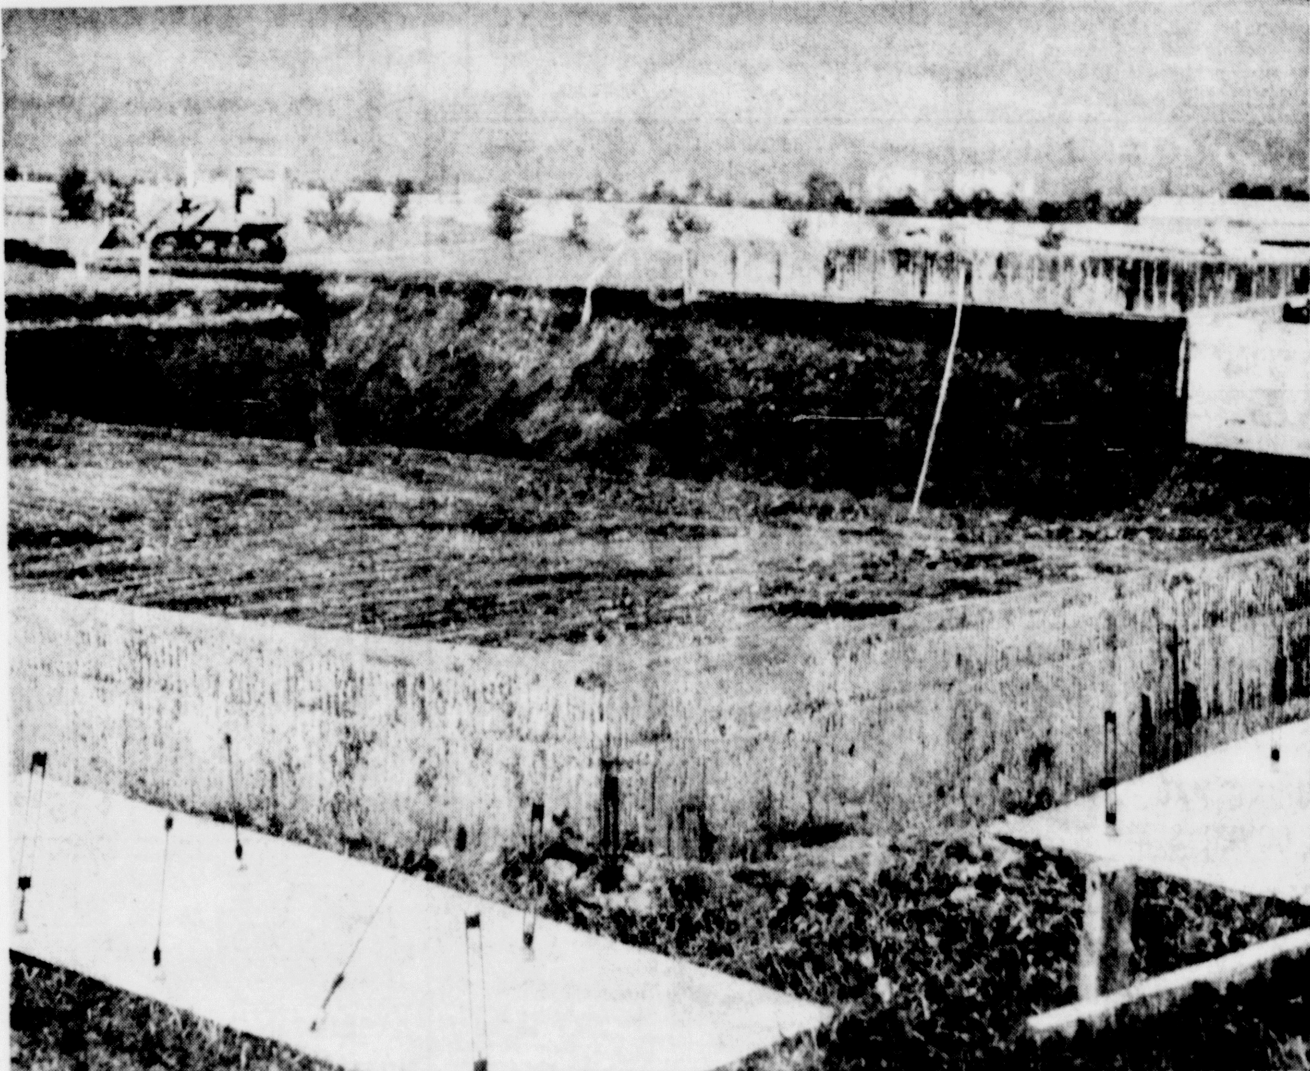

The Phillies gave Bunning all the help he needed by scoring four runs in the third—two of them on Johnny Callison's double.

Cuellar struck out 11 and allowed just five hits in outdueling Pirate southpaw ace Bob Veale for Houston's sixth straight victory.

Houston rookie Ron Davis said many inside pitches he

thought were balls were being called strikes so "I thought I'd better start swinging at them." He did with two out in the fifth and tripled home Dave Nicholson, who had walked, and Bob Lillis, who had reached base on an error.

Shaw was staked to a 4-0 lead in the first two innings—two in the first on Jim Hickman's error and two in the second as a result of third baseman Nate Oliver's throwing error.

CONSTRUCTION HAS BEGUN on the new bath and tennis club at Waterford Park. Ground breaking has started for the pool and the golf course is completed except for the seeding which will take place in approximately one month. Plans for the openings of the facilities are scheduled for May 1, 1967. The construction of the clubhouse at the bathhouse will start in two weeks, officials announced.

NFL Teams Must Trim To 43

Falcon Coach Will Keep Eye Out For 'Leftovers'

By MIKE RECHT

Coach Norb Hecker of the new Atlanta Falcons was so pleased today with his leftovers, he will be back in line tonight for another plate full.

The line for seconds in this buffet will form outside the doors of the 14 old National Football League clubs, who must trim down from 49 to 43 players by midnight. Most of them are five or six over the limit and Hecker will be sniffing around for the best cuts of football beef.

His confidence bolstered by

his club's first NFL victory Saturday, Hecker feels his offensive and defensive units are pretty well set.

"Of course, we're not going to turn down a chance to get a player we think can help us more than the ones we have," he said. His main need is bench strength, but he added that he will not give up future draft choices to obtain veteran backup men.

Among those to be sifted through are players released Monday by the New York Giants and Washington Redskins of the

NFL and the San Diego Chargers of the American Football League.

The Giants reached the 43-man limit by placing four men on waivers, including second-year quarterback Bob Timberlake of Michigan, the Giants' No. 3 draft choice in 1965.

Others waived were linebacker Olen Underwood, a second-year man from Texas, and two rookies, running back Steve Bowman of Alabama and guard Owen Thomas of New Mexico State.

Washington dropped rookie quarterback Harry Theofiles of Waynesburg, Pa., and fullback Tom Urbanik of Penn State.

The Chargers released line-backer Jack Milks of San Diego State, defensive back Jim Tolbert of Lincoln, Mo., University and quarterback Dan Henning of William and Mary.

Hecker is not likely to go after the quarterbacks after the showing of rookie Randy Johnson in Saturdays 24-17 victory over San Francisco and Dennis Clardige in earlier games.

New Grid League Ends Before It Got Off Ground

PORTLAND, Ore. (AP) —

The son of Frank Leahy said today that Leahy has resigned as chairman of the corporation that was to have launched the U.S. Football League.

Leahy, former Notre Dame coach, was en route from Atlanta to St. Louis and could not be reached for comment.

The son, Frank Leahy Jr., general manager of the Portland Thunderbirds of the Pacific Football League, said the U.S. Football League, which was to become a third major league circuit, has died without getting off the ground.

He said the merger of the National Football League with the American Football League killed any chance of the USFL getting started.

John Wilcox is only the second southpaw bowler to win an all-events title. He won the 1955 crown. The first left handed winner was Clarence Long of Buffalo in 1925.

The Dodgers scored once in the fourth and added a pair on Lou Johnson's homer in the seventh. The Mets, breaking a five-game losing streak, added an insurance run in the seventh.

Deron Johnson hit two homers and veteran Joe Nuxhall pitched a three-hitter in Cincinnati's victory over St. Louis. It was the Reds' sixth straight triumph.

The Cubs scored two runs in the 14th on George Altman's pinch-hit single. The Braves had tied the game 2-2 in the ninth when Rico Carty's sacrifice fly scored pinch runner Wes Bales.

Lawrence Out In Front At State Event

TOLEDO, Ohio (AP)—Duff Lawrence has served notice he's out to be No. 1 in the Ohio Open Golf Tournament after finishing No. 2 last year to Tom Weiskopf.

Whether Lawrence tried harder because he had been second was moot inasmuch as Weiskopf, currently starring on the PGA tour, is away for the World Tournament in England, but the 29-year-old Columbus golfer grabbed the first round lead Monday in the 72-hole medal play event.

Lawrence, assistant professional at Scioto Country Club in the Capital City, started right off with an eagle 3 on Sunningdale C.C.'s 510-yard first hole and went on to post 34-31—65 against par 37-34—71.

One of 18 shooters to break par, not to mention 11 who matched it over the 6,403-yard layout, in a field of 153 Buckeye stars, Lawrence carried a one-stroke edge into today's 18-hole second round.

Right behind at 66 were Don Spears of Cuyahoga Falls, head pro at Silver Lake Country Club, and Bobby Kay, veteran Toledo amateur playing on his home course.

Bright's Championship Team Honored At Picnic

Fifty attended a coverdish picnic Thursday at Lake Marwin in honoring George Bright's team which captured the Pony League championship this season.

Manager Junior Burton spoke briefly and presented each boy with a trophy which was donated by the sponsor.

The team, represented by Jerry Christian and Joe Walker, presented gifts to Burton and his assistant Don Hildebrand. Hildebrand will be the manager next season.

Bright's won the championship

for the first time since George Bright has been sponsoring a team in the Pony League. Members of the team include Walker, Christian, Kim Kemptie, Mark McDonald, Mike McKinnon, Bill Anderson, Paul Knox, Steve Davis, Randy McVay, Bill McHenry, Fred Henderson, Eric Loker, Clete Payne, Tom Hanselman and Kim Burton.

Gene Sarazen competed in 29 PGA golf championships from 1921 to 1959, winning the title three times.

Brush With Death

St. Clair Mishap Hurts Cyclist, 16

A 16-year-old Calcutta area boy narrowly escaped death in a collision between his motorcycle and an auto Monday at 6:38 p. m. on St. Clair Ave. at Garner Ave.

Eddie D. Talbott, step-son of Phillip Carey of the Bell School Rd., is in "fair" condition today at City Hospital with multiple abrasions of the right shoulder and hand.

He told hospital authorities he fell underneath the auto after the collision and the auto passed over him, but miraculously did not touch any part of his body.

POLICE SAID Talbott's 1965 Imporved motorcycle was involved in a collision with a 1964 station wagon driven by Gayle Brammer of Monroe Heights, Salineville.

The station wagon was moving north on St. Clair Ave. about 30 miles an hour and Brammer was attempting a left turn onto Mildred Ave. when the motorcycle, traveling in the same direction, attempted to pass, police reported.

Young Talbott was cited to Juvenile Court at Lisbon on a charge of passing at an intersection.

The crash damaged the handlebars and front end of the motorcycle. The car was undamaged. Patrolman Paul Blevins investigated.

A 12-year-old boy escaped with minor injuries Monday at 1:25 p. m. when bumped by an auto on a Freeway ramp, police reported.

Steven Stacey of 205 W. 7th St. ran into the path of a 1961 model station wagon driven by Albert A. Cronin, 34, of Lycia Ave., Chester, officers said.

The boy suffered abrasions of the right arm and knee. He was to consult his family physician.

Cronin told police he was headed up the ramp and saw the boy standing on the pavement. When he sounded his horn, the boy started to move away, then retraced his steps and walked into the path of the car, he said. The boy agreed with the motorist's report and added he was "confused and did not know which way to go," police said.

A DRIVERLESS vehicle drifted from a parking place this morning at 3:05 on Riley Ave. and damaged two other parked vehicles, officers said.

The mishap involved a 1937 model pickup truck owned by Walter Freeman of 660 Riley Ave., a 1962 sedan owned by Frank W. Oyster of 648 Riley Ave. and a 1960 four-door sedan owned by Curtis E. Sanford of 816 Cadmus St., officers said.

Freeman's truck drifted from a parking spot, traveled west on Riley Ave. for about 60 feet and hit the Oyster car, police said. The Oyster auto was driven forward about 20 feet by the impact, striking the Sanford vehicle, police said.

There was damage to the front of Freeman's truck, the left rear of the Oyster car and the left rear of the Sanford car, officers reported.

Minor damage resulted in a collision Monday at 2:50 p. m. on Dewey Ave. about 10 feet east of Pennsylvania Ave., officers said.

It involved a 1966 sedan driven by Craig R. Walton, 30, of Vale St., Glenmoor, and a 1962 model convertible operated by Janet M. Shroads, 19, of Dewey Ave.

Walton, driving a car owned by the Ohio Valley Gas Co., said he stopped behind the Shroads auto and the Shroads car backed, hitting the front of the sedan he was driving.

A MOTORIST was cited on two charges after a collision Monday at 4:24 p. m. on Broadway 100 feet south of St. Clair Ave., police said.

The crash involved a 1963 model station wagon driven by Timothy A. Cunningham, 16, of 748 Mayberry Ln. and a 1962 convertible operated by Wilbur H. Seaman, 54, of Oakmont.

Seaman was backing from a diagonal parking space on Broadway when he bumped the Cunningham car, officers said. Seaman was charged with improper backing and driving an auto without an operator's permit.

Seaman posted a \$57.50 bond for a Municipal Court hearing Thursday.

A collision Monday at 11:50 a. m. on W. 4th St. at Jackson St. involved a 1965 sedan driven by John B. Rollins, 48, of 400 Market St. and a 1959 model truck owned by the Sugarland Provision Co. of Canton and operated by John R. Lombardi, 37, also of Canton.

Rollins told police he was halted on W. 4th St. for a traffic light when the truck bumped his car as it turned off Jackson St. onto W. 4th St.

Strip Mine Cave-In Fatal To Worker, 51

GALLIPOLIS, Ohio (AP)—A high wall at a strip mine caved in on Orchard Coal Co. employee Oliver Bailey, 51, killing him Monday.

Bailey of Rt. 1, Racine, was working at the Clay Chapel mine near here when the earth collapsed, the highway patrol said.

Cleveland Man, 41, Charged With Murder

CLEVELAND (AP)—A Cleveland man has been charged with second-degree murder in the shooting death Saturday night of Leslie K. Washington, 25.

Charged Monday was Clarence Mullins, 41, police said. Officers said the shooting occurred during an argument at the home of Washington's sister.

Home Looted By Intruders

A home on outer St. Clair Ave. was ransacked and looted late Monday night by intruders who found their way in through an unlocked door in an integral basement garage, police reported.

Chester Brown of 2811 St. Clair Ave. said the burglars took about \$50 worth of clothing, a single strand pearl necklace with a diamond clip and an undetermined amount of change from a small bank.

The burglary was timed about midnight, officers said. The intruders entered the home via the garage door, then went to the cellar and ascended a flight of stairs to get onto the main floor of the house. Bedrooms were ransacked. A small bank fashioned in the shape of a mailbox was broken to obtain the change. Officers said the smashed bank was found by a doorway leading to the garage.

Meanwhile, a thief broke open a dispenser at the Magic Bay Car Wash on State St., operated by Ralph Volino of 363 Ogden St., and stole about 10 packages of paper towels, police said.

The theft was discovered at 4:49 a. m. today by Patrolman J. W. Buckley.

In another incident in the vicinity of the house burglary, Leonard Feinberg of 3298 St. Clair Ave. told police a vandal hurled a stone through a window at his home Monday at 11:40 p. m.

American Legion Convention Waits Johnson's Talk

WASHINGTON (AP)—President Johnson speaks today to an American Legion national convention which seems eager to back a firm policy in Viet Nam.

Even as the White House announced Johnson had accepted an invitation to address the convention, a committee was drafting a resolution calling for as many troops as needed for victory to be sent to Viet Nam.

A spokesman for the convention's foreign relations committee said another major resolution would warn Red China not to enter the conflict.

In a pre-convention news conference, Legion Commander I. Eldon James backed U.S. Viet Nam policy but said "we are going to have to show more determination and force."

He said the Communists "are going to have to be deprived of such facilities" of supply and infiltration as Haiphong Harbor and the Ho Chi Minh Trail.

The Legion put on its big parade Monday, some 12,000 marchers stepping it along Pennsylvania and Constitution avenues before an estimated 130,000 spectators. There were missiles and snappy units from the armed forces, scores of bands, beautiful girls on floats.

Big Welcome Due DeGaulle In Cambodia

PHNOM PENH, Cambodia (AP)—Prince Norodom Sihanouk prepared a gala welcome today for President Charles de Gaulle but charged that 250 men had been trained and armed in neighboring Thailand to cause disorder during the French leader's visit to Cambodia.

The Cambodian chief of state told a news conference energetic counter measures had been taken and exceptional security precautions would be applied during De Gaulle's visit Thursday to the temple of Angkor Wat, in northwest Cambodia.

Cambodia and Thailand are ancient enemies. One of the chief issues between them has been the temples at Angkor and the surrounding province of Siem Reap, which was Thai territory until 1907 and again in 1941-46.

During his three-day state visit, the French president was not expected to make any dramatic moves toward ending the war in Viet Nam. But he was expected to stress his view that Viet Nam — along with Cambodia and Laos — should be in-

dependent and neutral with no foreign troops on its soil. That has been Sihanouk's policy since his country and the rest of Indochina gained independence from France through the 1954 Geneva agreements.

De Gaulle leaves for New Caledonia Friday.

Akron Woman Killed In Crash In Indiana

BELLEVIEW, Ind. (AP)—An Akron, Ohio, woman was one of two persons killed in a two-car crash on U. S. 40 west of here Monday.

Killed were Anne N. Goldsmith of Akron and Orville A. Harper, 70, Clayton, Ind.

Awarded \$22,675

WASHINGTON (AP)—The borough of Crafton, Pa., has been awarded a \$22,675 grant from the Department of Housing and Urban Development to aid in the purchase of a 2.8-acre site for park and recreation purposes. The award was announced Monday.

E. L. Review, Aug. 23, 30, Sept. 6, 13, 20, 27, 1966.

ORDINANCE NUMBER 35, 1966 AN ORDINANCE TO AMEND THE CITY OF EAST LIVERPOOL, OHIO, BY ENACTING A NEW SECTION 92 OF THE CODE OF THE CITY OF EAST LIVERPOOL, OHIO, PROVIDING FOR VACATIONS FOR EMPLOYEES OF THE CITY OF EAST LIVERPOOL, OHIO, OTHER THAN POLICE, MEN AND FIREMEN.

WHEREAS, the present Section 92 providing for vacation of employees of the City is deficient in that it does not provide for vacation payment in the event of death prior to receipt of vacation salary, and is vague in other respects; and

WHEREAS, it is the opinion of the Council that said section should be amended to correct said matters and other inequities.

NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF EAST LIVERPOOL, STATE OF OHIO, SECTION 1. That the Code of the City of East Liverpool, Ohio, be amended by enacting a new Section 92 which is hereby ordained to read as follows:

SECTION 92. Vacations of Employees - Schedule, Exemptions.

SECTION 1. That there be appropriated from the INCOME TAX FUND to the following amounts to be transferred back to INCOME TAX FUND from the account set forth:

Snow Blower \$2,000.00

SECTION 4. That there be appropriated from the INCOME TAX FUND to the following amounts to be transferred back to INCOME TAX FUND from the account set forth:

SECTION 5. That this Ordinance is by the Council found and declared to be an emergency measure and shall go into immediate effect. Said emergency lies in the fact that it is necessary to purchase the equipment and to make the necessary improvements to the streets during the summer time to prevent damage from drought and to ensure an adequate park program and this action is necessary to preserve the public peace, health and safety of the citizens of the City of East Liverpool.

Passed this 15th day of August, 1966.

Junior Editors Quiz on GLASS

QUESTION: How is glass made?

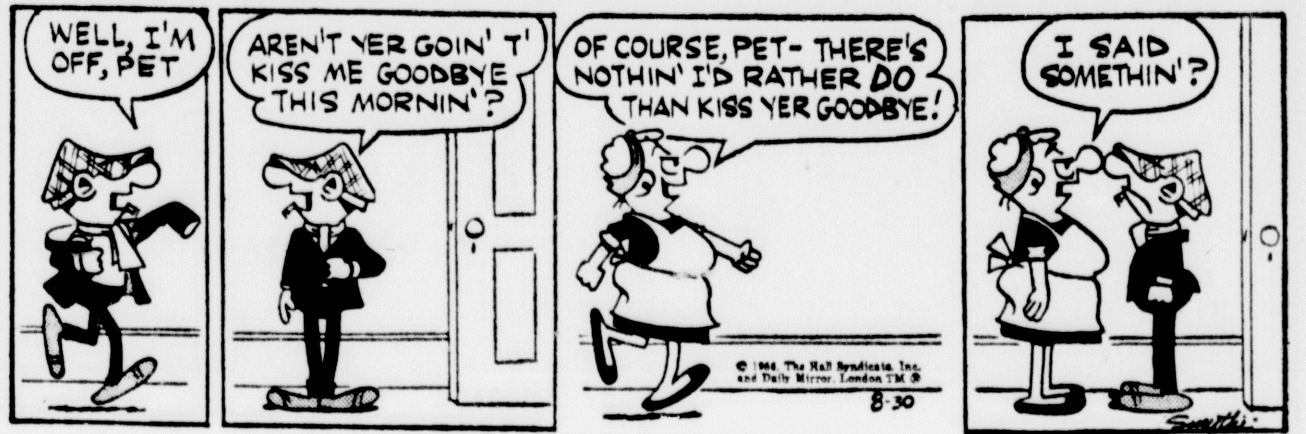

ANSWER: Glass is fascinating because it seems wonderful to be able to look through such a hard substance which has such a bright sparkling beauty. For all this brilliance, glass is mostly made of plain drab-looking sand, to which certain other materials are added, such as soda ash, limestone and borax. These raw materials are melted together at great heat. They fuse into a syrupy liquid which is amorphous — that is, without a definite internal structure.

This glass is then quickly cooled. It retains its transparent qualities. Colors in glass are the result of chemical impurities and are often deliberately added. Many kinds of glass are made to produce many different objects. Liquid glass may be pressed in a mould, drawn out in sheets (window glass) or cast. An ancient method of working glass liquid was to blow it out on the end of a long pipe, and then, rolling the pipe on side arms, to shape the hot glass with various tools. This process is still being used for making art glass. We illustrate it in the picture.

FOR YOU TO DO: Would you think it possible to make flexible glass thread and cloth? Look up "fiberglass" and learn about a remarkable new use for glass.

Jeffery Arhalt of Wisconsin Rapids, Wis., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review.

Today In History

By The Associated Press
Today is Tuesday, Aug. 30, the 242nd day of 1966. There are 123 days left in the year.
Today's highlight in history:
On this date in 1957, the body of Benito Mussolini, hidden in a crate in a Capuchin monastery for 11 years, was transferred to his family vault in San Casciano de Predappio cemetery.
On this date:
In 1944, a French provisional government headed by Gen. Charles de Gaulle was set up in Paris.
In 1945, 24 top German lead-

ers were indicted as major war criminals by the International Committee of Chief Prosecutors.
Ten years ago — The American Bar Association, at its 79th annual meeting in Dallas, Tex., approved a resolution urging willing compliance with the U.S. Supreme Court's decisions against segregation in schools.
Five years ago — President Kennedy announced the appointment of General Lucius Clay, the former U.S. military governor of West Germany, as the president's personal representative in Berlin with the rank of ambassador.
